Famine Threatens Revolt-Torn Hungary

HUNGARIAN REBELS SHOOT SECRET POLICEMAN—Dramatic scene in Budapest during last week's revolt shows captured secret policeman waiting to be shot in the back by group of Hungarian rebels who earlier had killed two other secret police, bodies in foreground. Radio Calls For End of Rebellion

Rebel Stations Reported Silent

Vienna, Nov. 8 (AP)—Budapest radio announced today famine threatens revolt-torn Hungary. It begged the country in the name of the Russians' puppet government to struggle back to normal.

Rebel radios fell ominously silent. One of the last broadcasts heard here said fighting continued near Budapest "with unchanging violence."

From Geneva, the International Red Cross committee asked the Soviet government to negotiate with the Hungarian combatants for an immediate truce in the battle of Budapest to permit evacuation of wounded.

Cut Off From Aid

Numerous casualties of street fighting at noon yesterday were reported lying where they fell and cut off from medical aid.

Within the Hungarian capital, ringed by Soviet tanks in formations that resembled siege lines, radio Budapest urged all foodstuff workers to return to their jobs at once.

So urgent was the situation that the government ordered trucks engaged in transport of provisions to carry big, easily visible signs identifying them as food trucks.

Soviet troops will give every possible assistance to keep such food supplies moving, the broadcast said. The Soviet military commander ordered the 7 p. m.-7 a. m. curfew lifted in the case of food trucks to permit them to operate day and night.

Other Shortages

The same broadcast indicated a severe shortage of shoes and clothing. It appealed to pawn shops to return all shoes and clothing worth less than 500 forints (about $45 at the official rate) to their owners without payment of premiums and present the pawn slips to the Finance Ministry.

The Soviet-installed puppet government of Premier Janos Kadar pleaded for resumption of normal life in Hungary, but admitted the rebellion against Russian domination was not fully crushed.

A little band of Hungarian rebels who for three days held the Hegysehalom border station gave up tonight and fled to Austria.

45 Cross Border

Originally there were 108 men in this band, but only about 45 came across to surrender their arms. The others reportedly had slipped off to their homes or joined other rebel forces still fighting Russian tanks and infantry in the Hungarian countryside.

"The Russians got us out with a typically Communist dirty trick," a leader of the band said. "Two Russian tanks came down the road toward the border station. Beside them marched some armed Hungarian uniformed soldiers who were collaborators of the Russians. In front of the tanks the Communists marched groups of Hun-

U.S. Urges Action on UN Troops

Delay May Mean Conflict Spread

Washington, Nov. 8 (AP)—The United States was reported urging all possible speed today in replacing British, French and Isreali forces in Egypt with peace-keeping troops under the flag of the United Nations.

The UN General Assembly voted last night to create an international emergency police force for that purpose, and approved an order to "proceed with the full organization" of it. A dozen nations have offered troops.

Unless the switch can be made and the situation brought under control within a few days, official Washington believes there is grave danger of Soviet intervention with "volunteers" on the side of Egypt. This could prolong and spread the conflict, and increase the threat of a third world war.

Doubt Reds Want Clash

The present estimate of President Eisenhower and his most trusted advisors it that the Soviet Union does not want and is not seeking the kind of clash which would involve that country and the United States in a global, H-bomb war.

But they see grave danger that limited fighting in the Middle East might set in motion forces that could go beyond the control of any government.

Eisenhower arranged to preside over a meeting today (9 a. m. EST) of the National Security Council at which the U. S. role in the UN police effort seemed certain to be discussed. "I would think it would be on the agenda," White House Press Secretary James C. Harerty said in advance of the session.

Readiness Urged

The Pentagon said U. S. armed forces have been cautioned to take "preparatory measures to increase the nation's defense readiness."

A spokesman for the joint chiefs of staff, in telling this to newsmen, said he wanted to put emphasis "on the word defense." He added that "we do not want to be caught fiat-footed and at the same time we do not want to take any provocative action which would get us involved."

U. S. commanders at home and overseas have been kept advised of the world situation and given "guidance" in putting their forces in a state of readiness.

Some navy ships, including the giant carrier Forrestal, were ordered to cancel a training maneuver and stay at sea off the east coast. Similarly, the strategic air command has changed or canceled training operations for the bomber fleet which normally would take planes from bases.

At San Diego, Calif., the navy said some ships based on the West coast have been alerted to prepare for movement to the western Pacific.

A Defense Department spokesman said also that there has been some "increasing in the readiness" of the Air Defense Command.

Some Leaves Canceled

This tightening up of defenses has resulted in some scattered

Red Planes In Syria, Is Report

Israel Says Arab Attacks Started

London, Nov. 8 (AP)—Israel reported new attacks by Arab raiders from Jordan along a 30-mile section of frontier today even as United Nations officials sought to put the precarious cease-fire in Egypt on a firm footing.

Sniper fire crackled at Port Said in the Suez Canal zone yesterday against French and British troops, and one skirmish was fought between an Egyptian patrol and British tankmen.

Fears Intervention

The United States, fearful of intervention by Soviet "volunteers", was reported urging all possible speed in getting a UN police force into the area to back up the cease- fire and supervise withdrawal of French-British forces.

Canada's Maj. Gen. Edson Burns, who has been the UN's chief truce observer in Palestine, arrived in Cairo today to make preparations for taking over command of the UN police force.

Soviet Russia, which abstained along with all the rest of the Soviet bloc, from the UN assembly vote to go ahead with the emergency police force, has offered to help throw the British, French and Israelis out of Egypt.

There was no fresh indication today as to what Soviet and Red Chinese forces might do. But fears of Russian intervention were heightened by reports that the Egyptians now were feverishly repairing their bomb-battered airfields. Defense Minister Antony Head informed the House of Commons that Britain was aware of this development. He said:

Reports Active Work

"Our reports are that very active work is now taking place at considerable speed to repair the airfields."

The British and French claimed the almost complete destruction of the Egyptian air force in aerial strikes that proceeded the troop landings in Suez. There would be no point in the Egyptians patching runways unless they expected the arrival of fleets of planes friendly to their cause.

Soviet fighters may already be in Syria. French Foreign Minister Christian Pineau said in a report to a parliamentary committee today an "important formation" of Soviet MIG17 fighters had landed in Syria. Diplomatic sources in Paris said they were flown over Turkey last Monday night when Soviet Premier Bulganin, in threatening messages to Washington, London and Paris, was pledging support for Egypt.

There was no immediate reaction by high Israeli officials to the new border raids from Jordan. But similar attacks from Egypt over a long period were given as the official reason for the lightning operation launched 10 days ago by Israeli armored columns and paratroopers which lanced almost to the Suez Canal.

Commando Attacks

The Israeli Army said commando squads stabbed across the border at many places from Shaar Hagai, midway between Jerusalem and Tel Aviv, to the narrow waist of Israel north of Tel Aviv, blowing up a water pipelin and three houses, and attacking several cars with gunfire and grenades. No one was injured.

Since the Israeli blow at

Mental Health Plan Meeting Set Nov. 14

Proposed study of the possibility of establishing a county-wide mental health committee as requested at a recent meeting of the Board of Supervisors was discussed last night by Mayor Frederick H. Stang, members of the Common Council and others in the City Court room, city hall.

Further discussion of the proposal and a progress report by a Board of Supervisors committee are scheduled for Nov. 14 at Leherb's Restaurant.

Dr. Shea Speaker

That meeting, which will follow a luncheon and will include members of the Ulster County Council of Social Agencies and the supervisors' committee. It is due to start at 1 p. m.

Dr. Edward F. Shea, chairman of the mental health committee of the Ulster County Tuberculosis and Health Association, last night outlined the problem of mental health as it affects the county and told of efforts under way toward solving it.

If a clinic were established as a solution, he noted, it would provide for a psychiatrist, psychologist and a psychiatric social worker. It would be established by the Board of Supervisors, which would set up a nine-member board, composed of two doctors, representatives of the Ulster County Tuberculosis and Health Association and Ulster County Welfare Department and others in the county interested in health work.

Fifty per cent of the cost of the clinic, if state approved, would be shared by the state.

All Represented

The Board of Supervisors' committee, as well as the Common Council, was represented at last night's meeting and Katherine M. Murphy, executive secretary of the Ulster County Tuberculosis and Health Association also attended.

Besides the report by the supervisors' group Nov. 14 Mrs. Frieda Dingee, principal of School No. 7, will relate developments and the progress made through city and county groups who are working in cooperation with the mental health committee of the Ulster County Tuberculosis and Health Association to secure services in mental health.

Ships, Planes Go To W. Pacific

San Diego, Calif., Nov. 8 (AP)—Commanders of the U. S. 1st Fleet and Pacific Fleet air force said today deployment of ships, including aircraft carriers, to the western Pacific is being accelerated.

Ships normally scheduled to depart during this month and December were reported being readied to get underway as soon as possible.

Vice Adm. Robert L. Dennison, 1st Fleet commander, said both major units and supporting units were included in the emergency speed-up.

The speed-up is in line with Department of Defense orders to all U. S. armed forces to take preparatory defense measures in view of the international situation.

Kolts Building Sold to O'Connor

Joseph E. O'Connor, Rosendale, electrical contractor and owner of the City Electric Supply Company of this city, has purchased from Harvey S. Kolts the two story building at 21 Grand street and will move his wholesale electrical supply business to the Grand street building.

City Electric Supply Company is presently located at Prince and Garden streets.

The building purchased Wednesday by Mr. O'Connor was occupied by the Kolts Electric Company until that business was discontinued some time ago. F. Norman Spinneweber, who was associated with the Kolts Electric business and later with City Electric Supply Company as manager, will remain with the company as manager of the business at the new location.

Joseph E. O'Connor has been engaged in the electrical contracting business in Kingston and Rosendale for a number of years in addition to conducting the wholesale business under the style of City Electric Supply Company. He will move the wholesale business branch to the Grand street location. The former Kolts building is a modern two-story structure with warehouse facilities and ample parking facilities for customers.

O'Connor will continue the electrical contracting business under the name of Joe O'Connor, Inc., in Kingston and Rosendale.

Democrats Eye Job, Plan Javits Ouster

Albany, N. Y. Nov. 8 (AP) — New York Democrats are expected to move Jan. 3 to oust U. S. Senator-elect Jacob K. Javits as the state's attorney general.

Javits plans to keep the job until Jan. 9, when the GOP-controlled state legislature convenes and could then appoint his successor.

The new Congress convenes Jan. 3.

Up to Courts

There's a possibility Gov. Harriman will appoint a new attorney general Jan. 3, the legislature will do likewise Jan. 9 and the final decision will be made in the courts.

The attorney general's department has a patronage payroll of a million dollars a year.

To Declare Vacancy

The New York Daily News said in today's editions that Harriman planned to declare the office vacant on the 3rd and make an appointment.

A spokesman said the governor had no comment on that report.

But the governor has said that it was "silly" for Javits to talk about what Harriman referred to as the holding of two jobs at the same time.

The attorney general planned to leave today for Florida and a post-campaign rest.

He said yesterday that he would leave in about 10 days on an extended trip overseas "for observation."

He said during the campaign that, if elected, he would go to Israel, which has been embroiled in an international crisis.

Wagner Gratified

His Democratic opponent, Mayor Robert F. Wagner of New York city, said yesterday that

Frayed Issues Await Congress in January

BY JOHN CHADWICK

Washington, Nov. 8 (AP)—Issues frayed by long controversy await the new 85th Congress that will take office next January shortly before President Eisenhower is sworn in for a second four-year term.

Federal aid for school construction, civil rights, farm and labor policies, and statehood for Hawaii and Alaska are among the problems that will confront the lawmakers on the domestic front.

Democrats, who wrested control of the Senate and the House from the Republicans two years ago, again elected majorities to both branches of Congress in Tuesday's balloting.

While Eisenhower personally rode a tremendous victory crest, voters rejected his campaign plea for a Republican-controlled Congress to help him get his legislative program enacted.

But the new Congress, like others in recent years, will be dominated by a southern Democratic-Republican coalition regardless of formal party control and can be expected to steer a middle-of-the-road course.

Eisenhower's influence with the lawmakers may be weakened by the knowledge that the constitution bars him from running for re-election even if he wanted to. But an offsetting factor, at the outset at least,

Part-Time Pay Hikes Are Opposed in Ulster

Approximately 300 residents of the town of Ulster attended a meeting of the town board Wednesday night to voice opposition to salary increases for "part-time employes" as proposed in the tentative budget.

It was the consensus that there should be no increases for the supervisor, two justices of the peace, two councilmen, three town assessors, the collector of taxes and town attorney.

The audience indicated its approval of proposed increases for the town clerk and town superintendent, however. These are full-time jobs.

The board asked for an expression from the audience on each of the increases proposed in the budget.

It was the consensus of those attending that they didn't oppose "good wages" but could see no justification in increasing the salaries of "part-time employes."

The board will hold another open meeting on the budget at 7:30 p. m. Friday in the town barn.

The Taxpayers Association of the Town of Ulster is urging taxpayers of the township to attend.

William Kolts, a leader of the group opposing certain of the proposed increases, said the taxpayers were not opposed to "high wages" if they were deserved. He said he didn't feel that an officeholder should get an increase, however, if he was holding down two jobs.

"We are afraid the board may go ahead with the raises anyway," he told The Freeman.

Town officials included in proposed increases are:

Supervisor, Percy Bush; justices of the peace, Harold E. Macholdt, Jr., and Millard Davis; assessors, Roger Boice, LeRoy Crosby and Frank Phinney; clerk, Mrs. Laura Every; road superintendent, Vernon Felton; town attorney, Louis DiDonna; councilmen, Elizabeth C. Acker and Edgar P. Elliott, and collector of taxes, Ira B. Auchmoody.

Under the proposed budget, the town supervisor would receive an annual salary of $4,000 against his present salary of $3,300, an increase of $700.

The two justices would receive a combined salary of $5,500 against $3,900, an increase of $1,600. This would mean an increase of $800 for each justice.

The two councilmen would receive a combined salary of $2,400 against $2,000, an increase of

Katrine School Bond Meeting For Data Scheduled Nov. 15

An informational meeting to acquaint qualified voters with a $90,000 bond issue for site development, which comes up for a vote later this month, will be held Thursday, Nov. 15 at 8 p. m. at the Lake Katrine School.

This announcement was made today by Joseph J. Benjamin, president of the board of education, who said the vote by qualified voters of Union Free School District No. 4, town of Ulster, will be taken Wednesday, Nov. 28.

Polls will be open at the Lake Katrine School from 3 to 9 p. m.

William R. Shirley, architect, will attend next Thursday's informational meeting to discuss proposed site development. A model of the proposed plan will be available for inspection.

The proposed development includes landscaping of grounds adjacent to the school building, removal of the former building from the present grounds, a new water supply system leading from main on Neighborhood road to the new building.

Other proposed improvements including grading of the school grounds, a drainage system and the addition of a water supply to feed drinking fountains and lawn sprinkler facilities which would be installed.

Under the proposal a new

Jewish Council Petitions For Peace, to Pray Sunday

The Kingston Jewish Community Council, meeting Wednesday evening in a special emergency session prompted by the Middle East crisis, petitioned President Eisenhower to seek "a just peace" there and in eastern Europe and urged community attendance at a Prayer for Peace meeting Sunday evening.

More than 30 persons, representing the 24 member organizations, met at the Jewish Community Center in an effort to determine a course of action in the light of the current Middle East situation.

The Prayer for Peace meeting will be held at Temple Emanuel, Abeel street, Sunday at 8:30 p. m.

The council's public relations committee today issued the following resolution which was adopted at last night's meeting:

"That the Kingston Jewish Community Council join in earnest prayer that peace may prevail everywhere, and petition the President of the United States and his counsellors and advisors to use their good offices to the end that a just peace may be obtained in eastern Europe and the Middle East.

"The Council further urges the entire Jewish and general community of Kingston to join with it and the Kingston Jewish congregations in the Prayer for Peace meeting to be held at

Up With Big Business

Moscow (AP)—Soviet Russia is rapidly losing its small shops and factories in favor of large establishments. An industrial review published here said manufacturing industries with less than 500 workers which made up 93.1 per cent of the total in 1935 now covers only 27.6 per cent of Russian industry. But plants employing up to 10,000 workers jumped from 3.2 per cent to 22.6 and those with more than 10,000 from 3.2 to 13.7.

Installment Plan Buying Increases in Popularity

By SAM DAWSON

New York, Nov. 8 (AP)—Living it up painlessly is the goal today of an increasing number of Americans. First Uncle Sam gave a helping hand. Now it's the banks, although mostly with reluctance.

For some time living it up has been an American habit—meaning, living up the current and expected income by budgeting it carefully and premortgaging it on the instalment plan. For most this means determining over just how many different weekly or monthly payments the paycheck will stretch. For the cautious it also means leaving a few dollars leaway for emergencies.

Painless dentistry has entered this way of life increasingly of late. This consists in essence of making the payments as nearly unnoticed as possible—by having them extracted either from the paycheck itself or by prearranged bank payments without troubling the debtor.

Uncle Sam gave the movement its first big boost when he had employers deduct income tax and social security payments from paychecks. As one result, many persons know only vaguely what percentage of their income goes for taxes.

Many Deductions

Many other deductions can be made. You can arrange similarly for payment of union dues, contributions to pension programs and purchase of savings bonds or of stock in the company where you work.

You never get your hands on the total amount you're told your employer is paying you—or, to put in the terms in which management sees it, on the amount it costs the company to have you around.

Accustomed to this, many Americans began budgeting to see just how many payments the remaining income would cover. Their standard of living is now determined not so much by what the wage earner makes but by how much he dares to owe.

Policy Is Popular

This policy is popular because for many families it has worked well. It is popular with manufacturers because it is the way that the most goods with high price tags can be sold. And this is a way of life that is widely credited with bringing American industrialism to its present high state of prosperity.

The one painful thing has been the relentless arrival of the periodic payment time. The remedy now catching on is to arrange with the company you owe and with your bank for regular and automatic prepayment. This preauthorized check plan has been tried for paying such regularly recurring items as insurance premiums and utility bills.

Item Is Convenience

The Life Office Management Assn. reports that in this country and Canada some insurance companies are writing 15 to 20 per cent of their new business along these lines. It says one company is writing 18,000 preauthorized checks a month.

For the debtor the big item is convenience in meeting a payment he would have to face anyway.

For the company the advantages are elimination of mailing notices prompt payment and at a definite time instead of when people get around to it, and consequently the better use of the money by the companies.

For the banks it's a somewhat different story. The American Bankers Assn. says the majority of its members are inclined to frown on the plan which could mean large sums are withdrawn all at once—or that depositors could get confused as to just how much money they had on hand to meet these prearranged checks.

Then the painless way of living it up could get acutely painful.

SINS AGAINST SOCIETY

Two men were duck hunting at opposite sides of a pond. The hunting was good. Both men soon got their limits. One man called in his dog, packed his gear and took off for home, satisfied with the day's sport.

The other man kept on shooting, though he knew that he had all the ducks the law allows. As they came streaking in he knocked them down—and left them where they fell. When he finally tired of the sport he, too, went home. Six ducks were left floating among the reeds. The hunter was too smart to take them, not wanting a game warden to find illegal birds in his possession.

Two families were picnicking on a pleasant grassy spot. After a happy afternoon, one family policed its area of the grounds and went home, leaving the grass still green and pleasant. The other family finally pulled out too, but it did no policing. In fact, as a last gesture it discarded wrappers and cans, paper plates and half-eaten food, leaving a trail from table to car.

These two incidents—the hunting and picknicking — may seem unrelated. But they are related, and closely. The greedy hunter and the careless family both illustrate two anti-social traits—waste, and disregard for the rights of others. They are traits to be fought, in ourselves and in others, if we are to preserve America as a worthy gift for the generations to come.

CHEATED OF A RIGHT

In this election, as in previous elections, thousands of Americans who wanted to vote could not do so. They were disenfranchised; they had lost—for the time being—their right to a voice in their government.

Not because they were criminals. Not because they are aliens. Not even because they had failed to register on time. The reason they could not vote was that they had recently moved to a new residence. In some cases, the move had been from one state to another. In other cases, the move had been to a different community within a state, or even merely from one voting precinct to another in the same community.

The thousands of good American citizens in this plight were victims of well-intentioned laws that do more harm than good. These laws denying the vote to all who have not lived in a state or city or precinct for a certain time prior to an election do prevent some abuse of the voting privilege. However, they also deprive many of their most precious democratic right.

The situation grows worse from election to election because Americans are increasingly on the move. Now that things are settling back to normal, politically speaking, some hard thought should be devoted to amending laws so that no good citizen will be unjustly cheated of his right to vote.

HONOR TO MARSHALL

General George C. Marshall does his best to keep out of the headlines, but often to no avail. He has just received the award of the Woodrow Wilson Foundation for distinguished service.

The citation truly described him as "organizer of victory." As chief of staff in World War II, he brought together and directed the military team which carried our armed forces through to overwhelming triumph. As secretary of state he gave to the world the Marshall Plan of financial aid to western Europe, which saved that half of the Continent from Communism.

Later he was secretary of war, a position which many might consider a comedown after his previous honors. That was a consideration which never entered his head. Where he could render service, there he could be found.

A man of such distinction is naturally mentioned for the presidency. This talk he quickly stilled, saying, "I could never be drafted for any elective office."

The Woodrow Wilson Award is not lightly given. It has not been presented since 1953, when it went to former Secretary of State Dean G. Acheson.

'These Days'

By GEORGE SOKOLSKY

WHAT ABOUT HUNGARY?

It is a cruel fate that has befallen the people of Hungary. And what they are suffering from Soviet imperialism, the Poles, the Rumanians, the East Germans, the Bulgarians are equally suffering. For what Soviet Russia decided, apparently at the last moment, was upon a demonstration to show all liberty-loving people what would happen to them if they tried to free themselves from Soviet enslavement. The Kremlin is still able to gouge out the eyes of its satellites.

The Hungarians are being crushed into the soil under the deadly tanks that roll over human beings. They are being poisoned by phosphorous bombs shot at them by the Slavic-Tatar monsters that build empires while they denounce imperialism, that turn civilized nations into colonies while they shriek "Anti-Colonialism!"

Shall we sing a requiem for Hungary? Shall we place the crown of St. Stephen upon the skull of a Slavic slave? Shall we, who were so excited about justice in the Middle East, turn our backs to the Hungarian shambles lest we see more than we like to see, more than we want to see? Peace is dear to the hearts of all men except when the price of peace is moral debasement. It is just like love which is the most poetic and beautiful expression of human nature but which can be the most ugly horror when it associates itself with prostitution or perversion.

Hungary was the second of the satellite states to seek its freedom from the Kremlin. The first was Yugoslavia. But Tito's problem was comparatively simple. There were no Russian troops in Yugoslavia and Tito had an effective army which had been built strong during the war. Tito was swiftly aided by the Allies, such aid costing the United States a billion dollars which Tito gladly accepted provided no strings were attached to the gift. And no strings have been attached even after Tito rejoined the confraternity in the Kremlin.

Hungary was not as fortunate as Yugoslavia. Hungary had to fight for its freedom. The Hungarian people were forced to engage in street-fighting against the Russian hordes. Young students had to lay down their lives for the liberty of their parents. They defeated the Russians. They defeated the Hungarians who were traitors to their own country. The Hungarians and Russians were actually negotiating for the withdrawal of Soviet troops and for peace terms, when like a snarling beast that knows neither honor nor courage, the Russians surrounded Budapest with a thousand tanks, arrested the very men with whom they were negotiating, shot down the people and restored a country to slavery.

It was—it is—genocide. And what about the United Nations which is against genocide, against foreign troops seizing a country, against one nation marching upon another, against imperialism and colonialism? What about the United Nations? It will have to save itself in Hungary rather than in the Middle East. Great Britain and France will leave Egypt but Soviet Russia will not leave Hungary.

The West has grown soft and lives in fear of great deeds. The Russians are hard and risk greatly. That is the major difference between East and West. Had Hungary succeeded, every satellite would have freed itself from the curse of the Kremlin. Therefore it was essential to Russia that Hungary should not be allowed to succeed.

And the Russian army did it for the Kremlin Communists. There are some in our government who have dreamed that some day the Russian army itself would rise against the Communist politicians. There has never been a single factual indication that the Russian army was more than a military army of the Communist hierarchy. Now we have witnessed that it is exactly that—a conscienceless, brutal, beastly military organization that murders without heart and destroys without mercy.

Poor Cardinal Mindszenty! He had such high hopes. But now he is a refugee as he has been a prisoner, gazing hopelessly upon the shambles of his beautiful and once gay country, held in thrall by a merciless enemy who was made victorious by the aid given it by misguided Western peoples who erred politically as well as morally. At his worst, Stalin never betrayed such unscrupulous sadism as those who now rule Russia. It is being reported that Marshal Zhukov is commanding the Kremlin troops in Hungary. If that is true, that lets Zhukov out of the human race.

HOME CARE FOR THE CANCER PATIENT

We have spoken before of the Home Care program of the Montefiore Hospital in New York city that has now treated over 1,000 patients—a majority with cancer—at home and has found that organized home care of high quality can be made available to cancer patients.

There are many problems likely to arise with the evolution of cancer. Thus the patient may become home bound, partially or completely bedridden, and yet not in need of the highly specialized services only a hospital may give. On the other hand, he may need more active treatment than is customarily available in the home setting.

A typical illustration is that of a patient who is home bound, has a recurrent need for abdominal taps and occasional transfusion, and for whom blood tests are indicated from time to time. If the patient is sent to the hospital, most of the time there is devoted to nursing care. If he remains home his special needs may be difficult or impossible to satisfy. In addition the financial problems of a prolonged illness often produce dismaying and demoralizing social consequences. The Home Care program has been designed to provide adequate treatment for the patient in this category. It has done away with the need for frequent admissions to hospital and enabled many who would otherwise be interminably hospitalized to return home.

The program, as outlined by Dr. I. Rossman, a member of the hospital staff, is hospital-based and the patients are treated as hospital patients who happen to live outside the hospital. Setting up a Home Care program in close collaboration with a hospital affords many advantages. It encourages uninterrupted medical care. It enables the patient to be rapidly shifted from home to hospital or the reverse as his medical needs indicate. It permits accessibility to such useful resources as the hospital's laboratories, X-ray department, blood bank, and so on.

Care is brought into the home by the functioning of a team, each of whom contributes his specialized training. The team consists of physician, social worker, nurses, physiotherapist and occupational therapist. Let us have a look at how this team works.

In the first place, one particular doctor carries medical responsibility for a given patient. He visits in the home one or more times weekly, examines, treats, and prescribes. As the occasion demands, he may perform chest and abdominal taps (to draw off excess amounts of fluid which might have collected), transfuse, or draw blood for laboratory examinations. It is believed that a physician's visit to a patient is not solely a medical event and therefore the physician must be involved in considerations of the patient's total welfare and personal problems. Patients are given 24-hour emergency service through a rotation system. In addition, necessary consultants are drawn from the hospital staff. Thus, psychiatrists, dentists, surgeons, and other specialists have made consultant home calls when indicated.

Tomorrow we will discuss the other team members in the Home Care program.

No Place to Hide

AS PEGLER SEES IT

By WESTBROOK PEGLER

New York, Nov. 7—This witness, being duly sworn and apprised, states as follows:

No, I would not go to the so-called Broadway theatre even if seats were available at 70 cents, according to a scheme now being talked up, and I will enjoy telling you why.

I would not knowingly contribute any money to the Reds who infest the business and that answer is total, but a few licks on other phases will provide the finality which the question deserves. We Red-baiters have had a hard time. We cooperate with the congressional committees and the American Legion in exposing individuals who are, when you come right down to it, traitors to the United States. We have done this for years, but after we have set forth proof which ought to exclude such persons forever from the favor and even the charity of Americans, we find the same old names back in the reviews and the electric lights, mocking at our frustration. They get the royalties and salaries and the papers publish their faces and we get the business.

Any day, in the Broadway and Hollywood columns I can tick off a dozen certified Reds and Fifth Amendment fakers who said they would convict themselves of crime by answering whether they were members of a traitorous cabal. Well, if the answer is negative they couldn't convict themselves so it follows that they were traitors, although I am not sure that traitorism is still criminal. I canvassed this with a Hollywood columnist and taxed him with puffing and lauding such trash, including a lot of alley-cats of both sexes whose lives are a scandal. He said this way he threw them off guard and meanwhile, on the sneak, he whispered the truth to a few individuals, possibly one to 100,000 in proportion to the readership which laps up his journalism.

Judge Robert Morris, the chief counsel to the Senate Internal Security subcommittee, recently warned us that we were still losing "the titanic struggle" of the free world against the Communist plan to conquer us. We have a lot of ground to make up because there was a long lull when the whole country was induced to believe that these people had been innocent dupes and that since Stalin's death, the danger was over. Well, those dupes were smart enough to scramble up in the toughest, double-crossingest business on earth, the dreamworld of make-believe, and many of them are top-heavy with education so I make my own decision on them. The decision is negative.

It is not only that they are trying to conquer us with the same affectionate pats on the face with the gravedigger's spade that they used recently in Hungary. I resent also their nasty cruelty to writers, actors and all such who fought them during the Roosevelt-Truman administrations and right down to this hour. Any theatrical section any Sunday is a roster of reminders of such calculated persecution.

This moratorium, or amnesty, was first proposed, so far as my knowledge goes, in a commencement address by Arthur Hays Sulzberger, the publisher of the New York Times, at John Carroll University, a Catholic school, at Cleveland three years ago. Why they chose him out of all this country I can't imagine. The great man's message was a merciful plea for forgiveness of Reds who ceased to be idenfiable as such, however, after a certain date, which was after the Communist party "disbanded" and went underground. Mr. Sulzburger's paper often wrote of "fear" as the principal product of something loathsome called "McCarthyism". My suspicions were confirmed when the Senate subcommittee turned up a whole slew of Reds and renegade Reds among his own employees last winter. No wonder he feared "McCarthyism".

Nope, I wouldn't go to the Broadway Theatre and unknowingly pay tribute to Red playwrights, composers, performers and managers if you subpoenaed me.

The New York theatres are generally dirty. The audiences are littered with riff-raff, without neckties, sometimes in sweaters and beach-pajamas and halters. They loll over the seats and prattle and come and go. The theatre should be quiet and genteel, but of recent years the play, the music and the players have had a hard time competing for attention.

Finally, most of the good seats are reserved for out-of-town buyers here to patronize the Baghdad where, as Bill Zeckendorf puts it, the caravans of the world hobble their ships of the desert and unload their bales and jugs. If 70-cent seats should be made available they would cost $7 by the time they got occupied.

Boston (AP) — Moonshiners would do well to stay out of New England. "New Englanders never had a taste for moonshine," according to Richard N. McCarthy, enforcement chief of the treasury's alcohol tax unit. Out of 23,714 stills smashed last year, he said, only 15 were in New England.

Conservative Vote Is Seen In Victory for Eisenhower

By DAVID LAWRENCE

Washington, Nov. 8 — The American people have again voted "conservative." They have given the executive branch of the government to a non-radical, conservative-minded Republican President and the Congress to a coalition of conservative-minded Republicans and Democrats. Incidentally, Mr. Eisenhower describes himself as a "dynamic conservative" —he certainly is not a radical.

The radical wing of the Democratic party, on the other hand, has suffered its worst defeat since the New Deal was born in 1933.

Fumbled Main Issues

The people—who have a habit of voting "against things"—cast their ballots against Adlai Stevenson, who made a campaign that completely fumbled the main issues. He centered his attack on a personal question—the life span of his opponent. Mr. Stevenson publicly predicted that Mr. Eisenhower probably would die during his second term and that Mr. Nixon would become President.

Thus, Mr. Stevenson, discussing what he called the "central truth" of the campaign, said in a nation-wide telecast from Boston last Monday night:

"I must say bluntly that every piece of scientific evidence we have, every lesson of history and experience, indicates that a Republican victory tomorrow would mean that Richard M. Nixon probably would be President of this country within the next four years."

Mr. Stevenson then assailed Vice-President Nixon, as he did repeatedly in the campaign, as a man who couldn't be "trusted." The innuendo was resented by millions who knew that Mr. Eisenhower does trust the Vice-President completely.

While minor spokesmen in past campaigns have made reckless statements, nothing in the history of American politics reveals anything in such bad taste and so ill-advised coming from the lips of a Presidential candidate himself.

Used Scare Tactics

But the Democratic nominee's lack of good judgment was apparent on other phases of the campaign, too, throughout the critical weeks of October. He tried to scare the American people by alarming statements about the effects of "fallout" from hydrogen-bomb tests. He was willing to risk an end to H-bomb tests. He implied all sorts of things were happening already to milk being fed children or would happen to bone formations of children of the future—even though all this had been denied by competent scientists of the highest rank.

Voters Turned Away

Many voters turned away from Mr. Stevenson in the critical weeks of October. They were indignant over the attacks made by Adlai Stevenson against Dwight Eisenhower as a man who allegedly had been—even before his illness—a "part-time President." An examination of the election returns in many states shows that, where Mr. Eisenhower increased his majority, the total vote in many states didn't go up much. Yet the switch from Mr. Stevenson was very large indeed. Many people just didn't like Mr. Stevenson's attack on a popular idol—a man whom they trusted and believed to be honest and one who had served his country too long to shirk his duty when elected President of the United States.

The international crisis, of course, helped to re-elect the President, but long before the Egypt-Israel war broke out, the public-opinion polls showed Mr. Eisenhower running far ahead of Mr. Stevenson, anyway. The American people just didn't want a change. They were, generally speaking, satisfied with economic conditions and the incumbent administration's policies.

As for Congress, it is being said now that the Democrats are the "majority party" because they won control of both houses—even though by a narrow margin. But it is also a fact that in the districts and states in the North where there were candidates of both parties in the field, the Republicans won more of the contests than did the Democrats. Thus, there were seventy-nine seats in the House—mostly in the South — won under the Democratic label in districts where there was no Republican party opposition. There were five Republican seats not contested this year. Leaving out these uncontested seats, the Republicans won 197 seats and the Democrats 154. Also, outside of the South, the Republicans won seventeen and the Democrats twelve seats in the Senate. There were six "unopposed" seats in the South where the Republicans made no contest. These facts disprove the claim that the Republicans are a minority party in the North today.

Local Issues the Key

The mixed results in the Congressional election shows it to have been fought out on local issues and to have been decided on the basis of the popularity or unpopularity of local candidates and on the influence of local conditions. The incumbents—the veterans in campaigning — did better generally than did the challengers.

So divided government—irresponsible government — continues. The partisan fight continues, too. The Democrats in the main will not co-operate with the President to pass any measures except those demanded by a nation-wide public opinion. This means that, on many important but less understood issues the Democrats will block any legislation that can help the Republicans — just as has been the case the last two years.

The campaign between the parties, therefore, goes on, and a responsible system of government—a parliamentary system that is more suitable to America in an atomic age than the present horse-and-buggy model — is still far from being considered. One of these days an international crisis will reveal the shocking need of a Congress and Presidency in a single party responsible together to the people and removable only in elections held when the people want them held.

Turn on the Electricity

Moscow (AP)—The Soviet Union hopes to complete electrification of more than half its railroad routes by 1970 in a campaign to eliminate interruptions due to winter weather conditions. Losses in freight traffic during winter run as high as 20 to 30 million tons annually, says a Soviet economic review. Most of this can be eliminated through use of electric locomotives "the capacity of which increase rather than drop in low temperatures," the review added.

Edson's Washington News Notebook

By PETER EDSON

Washington (NEA) — What happens in an American presidential election and what has happened recently in Poland and Hungary offers the best example in the world of the differences between a free democracy and a totalitarian, Communist dictatorship.

Every four years the United States has what amounts to an internal revolution. It tears the country all apart and then puts it together again. But there is no bloodshed. Only harsh words. The tanks and machine guns never get called out.

The American people are, however, given a chance to change their government if they don't like it. Or if the feeling is that things are rocking along pretty well, the incumbent administration is continued in office for another four years.

THIS SYSTEM of course spawns a lot of nonsense. Candidates make promises they can't keep, that they know they can't keep and that the people who hear them know they can't keep.

Political oartors and press agents make statements, charges, denials and counter-charges filled with distortions, exaggerations, half-truths, insults, slanders, libels and sometimes outright lies.

In the heat of a political campaign arguments are advanced which no one would dare make in quieter times, for fear of being consigned to a booby hatch.

In short, campaigns and elections are the despair of political scientists and reformers who would like to have all the affairs of government run in a neater, more orderly manner.

THE QUADRENNIAL revolution, run right on schedule and just as regular as leap year, is a very expensive way to run a country, too. Prof. Alexander Heard of University of North Carolina who is making a special study of this subject, estimates the 1956 elections cost more than 175 million dollars. That's almost a dollar for every man, woman and child in the U. S.

But it's worth the price, when compared with alternatives. For one thing, nobody gets killed. The American Democratic-Republican system provides for peaceful revolution.

That is the great difference between the recent happenings in the United States and in Poland and Hungary.

In those European satellite countries, when the people objected to their government and wanted to change it, the front ranks of the protesting citizenry had to be mowed down by gunfire and made into martyrs before the surviving masses could remove from office their oppressors.

ALL REVOLUTIONS against oppression have had a way of succeeding throughout history. It is a good thing to give the people a chance to have a revolution every so often and change their government or not, as they choose, to meet new conditions.

The problem of civilization is how to arrange this with a minimum of inconvenience for the participants and bystanders, before, during and after the revolution. This the real democracies have managed to achieve far more successfully than the Communist governments that claim to be "peoples' " democracies.

This provides the one big lesson to be taken home by the observers from Soviet Russia, Romania and the other satellite countries. They have been brought here by the Department of State to see how the American election system works.

Record Christmas With Swing to Soft Goods

New York—An emphatic resurgence of downtown selling coupled with a strong swing to soft goods sales and an overall increase in retail sales are indicated for Christmas, 1956, in a nationwide survey of department store retailers conducted by the Bureau of Advertising, American Newspaper Publishers Association, through its member newspapers. The survey included 110 retailers representing 55 key markets in 24 states and two Canadian provinces.

Fully three-quarters of the retailers surveyed expect downtown stores to gain ground this Christmas against outside competition. Ten per cent expect downtown stores to lose ground, while 15% either expressed no opinion or stated they had no such problem.

SALES INCREASES of three to 30% over last year are expected by 93% of the retailers in the survey. Average increase expected is 10%. Only one retailer surveyed looks for a decrease under last year; six per cent look for sales at last year's level.

Backing up evidence in recent months of a trend back to soft goods. When asked which one department they expected to make the biggest percentage gain, 41% of the retailers listed various soft goods departments; 8% listed hard goods departments, 17% miscellaneous departments, and 34% had no one choice. Men's and boys' wear is expected to be the leading percentage gainer for 17% of the stores, toys for 12%.

IN SEEKING to discover opinions on current retailing trends, the survey reports' 80 per cent of the stores will be placing emphasis on "trading up" in their operations. In addition to promotion of higher priced goods, other retail promotion and selling trends to be followed this Christmas by department stores include:

Suggestive selling (related items) 64%; emphasis on credit, 48%; emphasis on service, 47%; strong price promotion 29%; higher mark-up, 28%; de-emphasis on price-cutting, 16%.

More aggressive programs are planned this Christmas by 42 per cent of department store executives interviewed; 57 per cent stated their advertising expenditures would be about the same as last year. Only one respondent expected to spend a smaller amount this year than last.

When placing their advertising retailers continue to rely on newspapers as their basic medium, survey results show. More than eight out of ten retailers interviewed plan to invest 80 per cent or more of their advertising budget in newspapers. Sixty-three per cent will place 90 per cent or more of their ad funds in newspapers, and 15 per cent will allocate the entire Christmas ad budget to newspapers.

THE CHRISTMAS business survey is part of a Bureau of Advertising drive to build newspaper Christmas linage and help retailers make their newspaper advertising more effective. Main part of the drive is a new folder presentation, "Set Sail for a Record Christmas," now being distributed to retailers through Bureau member newspapers.

The presentation reports Christmas business predictions, lists ideas for better selling and planning, charts the Christmas selling opportunities of 27 merchandise categories, lists dollar sales potentials by size of market for various types of stores and provides a calendar for preparing a Christmas ad schedule.

Pressing for Nordenson

New York, Nov. 8 (AP) — The Italian Line has obtained an order, returnable today, for the Swedish American Line to show cause why it should not produce Capt. H. Gunnar Nordenson of the Stockholm in a federal pretrial hearing. The hearing involves some 40 million dollars in damage suits against both lines as a result of the collision between the Stockholm and Andrea Doria last July 25 off Nantucket. The Doria sank. Fifty lives were lost. Nordenson, 63, was taken ill Oct. 24 while testifying. His physician says the skipper suffered a cerebral thrombosis, or blood clot in the brain.

Pumpkin Tarts Are Light, Appropriate to the Season

AIRY TARTS, flavored with pumpkin, fill the need for a sweet dessert, light enough to follow the Thanksgiving feast.

By GAYNOR MADDOX
NEA Food and Markets Editor

After a massive Thanksgiving meal, many people hope for a light dessert and a good cup of tea.

Make the tea robust and bracing. Use 1 teaspoon of tea or 1 tea bag for each cup and use fresh-drawn and rapidly boiling water. Brew tea no less than 3 minutes, no more than 5 minutes.

Now for the delicate dessert to go with the refreshing tea.

Pumpkin Chiffon Tarts
(Makes 9 Tarts)

Three eggs, separated, 1 cup sugar, 1½ cups canned pumpkin, 1/3 cup milk, ¾ teaspoon cinnamon, ¾ teaspoon nutmeg, ½ teaspoon ginger, ½ teaspoon salt, 1 envelope unflavored gelatin, ¼ cup cold water, 9 baked tart shells (3½-inch).

Beat egg yolks; add ½ cup sugar, pumpkin, milk, spices and salt. Cook over hot water, stirring occasionally until slightly thickened. Soften gelatin in cold water for 5 minutes; add to hot pumpkin mixture, stir until dissolved. Chill until slightly thickened. Beat egg whites stiff; gradually add remaining ½ cup sugar, beating constantly; fold into pumpkin mixture. Pour into tart shells, chill until firm. Garnish with cheese or whipped cream.

There's a new custard flavor pie filling. Its main virtue is its easy preparation. You may want to try it as a base for your pumpkin pie.

Pumpkin Pie (Makes 1 pie)

One package custard flavor pie filling, 1 cup canned pumpkin (solid pack), ¼ cup dark brown sugar, ¼ teaspoon salt, 1 teaspoon cinnamon, ½ teaspoon nutmeg, ⅛ teaspoon ginger, 1¾ cups milk, 2 slightly beaten egg yolks, 1 baked 8-inch pastry shell.

Empty custard pie filling into a saucepan. Add pumpkin, brown sugar, salt, cinnamon, nutmeg and ginger. Add milk gradually, stirring constantly to keep mixture smooth. Cook over medium heat until mixture comes to a boil; boil for 3 minutes. Remove from heat. Stir hot pudding slowly into egg yolks. Cool about 15 minutes, stirring occasionally to keep mixture smooth. Pour into pastry shell. Chill until firm, about 4 hours. If desired, top with whipped cream and sprinkle with nutmeg.

THANKSGIVING DINNER: Fresh fruit cup with mint sherbet, roast leg of lamb, gravy, cranberry chutney, pan-roasted potatoes, spinach souffle, succotash, corn sticks, butter or margarine, mixed green salad, chiffon pumpkin tarts, tea, coffee, milk.

Weekly Food Review

(By The Associated Press)

Pork will be popular with the price-conscious housewife again this week.

Food stores across the country have cut pork prices, sometimes as much as 10 and 20 cents, to reflect the recent drop on the wholesale market. Here and there prices are a little higher, but these are mostly in stores that rushed out with bargain slashes last week for their weekend specials.

Eggs Cheaper

Eggs are also generally cheaper and in many places beef is down. Shoppers can look forward to further easing of beef prices too, since wholesale butcher prices for this meat showed another moderate decline.

Wholesale prices for pork moved up narrowly this week but are still around their lowest levels in many months. This is the season when a heavy run of hogs comes to market and housewives can expect attractive pork prices for the next several weeks at least.

Fall fruits are abundant throughout the country but the good supply has brought little change in price. California grapes still look like the best buy on fruit stands.

Apples Popular

Apples of many cooking and eating varieties brighten produce counters and are a popular item. Despite huge shipments of apples to the market there has been little weakening in prices and the good supply seems to be readily absorbed by marketing housewives.

Among vegetables, late fall crops still dominate the list of outstanding buys. These include cabbage, cauliflower and beets which generally resist light frosts and are still available in many areas from local growers.

Other plentiful and low priced vegetables are onions, radishes, spinach and parsnips. Potatoes and a little higher now, but are still classed as a very good buy.

Beans, carrots, cucumber and sweet potatoes are in the category of good buys. Lettuce has become a little cheaper but is still on the high side.

A Good Skate

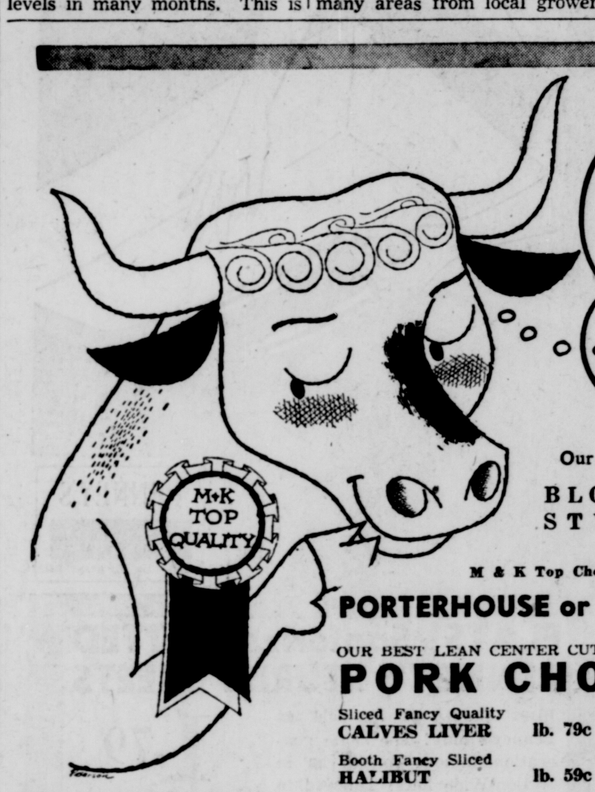

Arispe, Iowa (AP) — A young man stood for some time near a gasoline station here trying to hitch a ride. Then, apparently becoming discouraged, he pulled some roller skates out of his pack, put them on and proceeded on his way down the high way.

Moscow Claims Personal Win, Party Rejection

London, Nov. 8 (AP)—Moscow radio said today the American election results were a personal victory for President Eisenhower but a resounding rejection of the policies of his Republican party.

A broadcast in the radio's home service said:

"It is still too early to draw any exhaustive conclusions from the results of the U. S. elections, but already many American political observers stress that the victory is due primarily to Eisenhower's personal popularity, connected with the part he played during World War 2 as well as with such measures, as for example, his participation in the Geneva Conference of the heads of government of the four great powers.

Sees Disapproval

"The home and foreign policy pursued by the Republican administration in recent years, does not meet with the approval of the majority of the American people.

"That is how one can apparise the results of the congressional elections. American electors voted not so much for the Democrats as against the Republicans, thus demonstrating their disapproval of the political course of the ruling Republican party."

The Soviet Communist party newspaper Pravda reported Eisenhower's reelection without comment in a five paragraph dispatch from the Soviet News agency Tass' New York office. The item appeared on the next to the last page of Pravda's six page edition.

No Pacing for Papa

Oklahoma City (AP) — A son was born to Mr. and Mrs. Al Valencia but the father didn't get to walk the floor while awaiting the arrival. He was hospitalized eight hours earlier for an emergency appendectomy, later, in a wheelchair, he visited his wife and new son, Michael James.

Milk Drinking Campaign

The Canadian agriculture department is campaigning for everyone to drink three glasses of milk daily to improve health and to aid the receding dairy industry. In British Columbia, a dairy country, milk consumption is four ounces below the national average.

Adenauer Scores All Participants For East Crisis

Bonn, Nov. 8 (AP)—West German Chancellor Konrad Adenauer today criticized Britain, France, Israel and Egypt for their parts in the Middle East crisis. He also had harsh words for Russia's military campaign to "crush the voice of freedom" in Hungary.

Adenauer mentioned no nation by name in a special Bundestag (lower house of parliament) debate on the Middle East.

But in an apparent reference to Britain, France and Israel, he said, "legitimate aims of foreign policy should not be realized with armed force." He added that he "regrets and cannot approve" of the hostilities in Egypt.

Adenauer also said that "the smaller powers must not break treaties or agreements in the belief that the great powers will shy away from the risk of war." This obviously referred to Egyptian President Nasser's cancellation of the Suez Canal Company's concession.

The chancellor told the Bundestag that a small minority in Hungary had taken the "inhuman" step of calling for foreign troops to maintain their domination of the country.

Then, clearly meaning the Soviet Union, Adenauer said one world power had used tanks and machineguns to "crush the voice of freedom in a foreign country" while posing as the champion of freedom in the Middle East conflict.

Calls Shooting Accident

Schenectady, N. Y., Nov. 8 (AP)—Schenectady County Coroner Roland Faulkner reports that Carl Olsen, 19, shot himself to death accidentally. Olsen was found Saturday night on the lawn of his home in nearby Alplaus. A .30 calibre rifle was beside his body. Police theorized the gun had discharged when Olsen fell while carrying it. He was shot between the eyes. Faulkner's verdict was returned yesterday.

Last Laugh

St. Maries, Idaho (AP)—Church Golladay of St. Maries got a hearty chuckle as he watched Police Chief Lee Swofford stick a parking ticket on a car owned by City Councilman Everett Anderson. But the laugh didn't last long. The next car to be tagged was Golladay's.

Varied Pickup

Calgary (AP)—A city police cruiser found a stray goat wandering around in southwest Calgary and loaded it into the back seat for a ride to the pound. On the way, the police saw a man weaving down the street. They picked him up as a drunk, and put him in the back seat with the goat rather than make two trips.

Incomplete Service

South Roxana, Ill. (AP) — Answering a service call, television repairman Arthur Hall knocked on the door only to be told that a visiting relative was about to become a mother. Hall let it be known he was the father of seven children and said "Let's get busy and help her have the baby." He did—but left the home without fixing the TV set.

WOODSTOCK NEWS

By RICHARD E. THIBAUT, Jr.

Exchange Student To Speak at P-TA

Woodstock, Nov. 8—In announcing plans for the next regular Woodstock Parent-Teacher Association meetings, Loryn Connick, program director, has asked for the cooperation of members and friends. On Dec. 6, Miss Melinda Basch, a Kingston High School student who recently returned from Germany, and Laura Baronchillo, an exchange student at the high school whose home is in Italy, will address the meeting.

"Folklore of Woodstock" will be the program for the meeting of Jan. 10. Miss Neva Shultis, a lifelong resident of the area, will speak. A display of old pictures is planned in conjunction with the program. Anyone willing to loan old pictures of residents and scenes is asked to label the pictures and leave them with Leon Carey, president, at the post office.

The regular P-TA meeting on Nov. 1, was opened with the reading of the Parent-Teacher Prayer by Elbert Varney. Leon Carey presided. Mrs. Inger Walker, treasurer, reported $131.28 in the music fund, and $219.22 in the general fund, for a total of $350.50.

Mrs. John Derry reported the Health and Safety Committee is at work on the bicycle safety program. They are in touch with the AAA and the Bicycle Institute. Ronald MacCrindle and William Doran have been assisting.

Any PTA publicity should be given to Mrs. Charles Rapp by Monday mornings.

Mrs. George Kelly reported the P-TA-sponsored school dance a "tremendous success." The next dance will be held Nov. 17.

Membership Chairman Mrs. John Marcato reported 119 paid members.

Mrs. Elbert Varney, who has been acting secretary was unanimously elected secretary to replace Mrs. Harmon Christiana, who moved to California.

Announcement was made of Adult Education classes, attention being called to the need for more members for the rug-hooking and creative needlework class, which meets Monday evenings. Interested people may call the school for information.

Refreshments for the evening were served by the committee, James Kinns, Mrs. Sidney Greenberg and Mrs. Donald Davis and were provided by first grade mothers Mrs. Donald Johnson, Mrs. Berry McCarter and Mrs. John Majoros.

Program for the evening was an informative panel, "The Teacher Speaks," moderated by Walter Van Wagenen, principal. Eight of the nine faculty members were present. He outlined the purpose of elementary education to be to teach the basic skills in a classroom free from tension, with the emphasis on the democratic way of life, and developing the ability to think in the individual child.

Mrs. Arnold Pinsley, first grade teacher, spoke about the primary emphasis on reading in the first grade.

After displaying the tools in use for teaching reading, beginning with the pre-primer, Mrs. Pinsley selected volunteers for a demonstration reading group.

Before starting her demonstration, Mrs. Pinsley had covered the words on her charts with "words" made up of combinations of Greek letters and characters from her own imagination. As was intended, these "words" were completely foreign to her "pupils." The audience was delighted to hear how the lesson progressed. There are three reading groups, sometimes more, so that a child may learn to read with others who have reached his level of attainment. It was stressed that a child will not read until he is ready, and all children are not ready even by the end of the first grade. Mrs. Pinsley's enthusiasm for her work is boundless, and it was learned with regret that she will not be with the school after Dec. 1.

Mrs. Mervin Doremus, who teaches English and spelling, grades five through eight, pointed out that while there is still oral reading in the fifth and sixth grades, the emphasis is now definitely on comprehension. This is accomplished through silent reading, followed by answering questions on content, involving a choice, to develop good judgment.

That physical education is an integral part of education was delineated by Ronald MacCrindle, physical education instructor. Objectives of his program are: development of muscular strength; co-ordination; emotional stability; social integration and citizenship training; responsibility of leadership; courage and co-operation; and alertness. Although this is a large order, it appeared to be perfectly possible as Mr. MacCrindle outlined his methods for achieving his objectives. The results he is accomplishing are: fundamental motor skills; body efficiency, for example better posture and health education; leadership and followership ability; realization of the individual's status in the group; creativity in motion through use of music and rhythm; group games in the four to six grades and team games in the seventh and eighth grades.

Mr. VanWagenen outlined the procedures followed for promotion or failure, and the value of parent-teacher conferences. The question of keeping the child after school indicated a lively interest. This is not done as a punishment but to help the child. There was a request to discuss what the school can do for the gifted child. In answer to the question of what the parent can do to promote interest in reading, the panel felt that the most valuable contribution a parent can make is to find or make time for a daily reading session with the child. Home encouragement to read is a most vital factor in the child's progress.

Firemen Set Rules On Meeting Attendance

Woodstock, Nov. 8—A proposed resolution was accepted at the regular meeting of Woodstock Fire Company No. 1, Monday night at the Fire Hall, concerning membership. It will be adopted next month. The resolution requires that for a member to remain active he must attend eight meetings or fires or parades, or any combination of these during the course of the year. He must also attend 75 per cent of the training courses prescribed by the chief.

The proceeds from the circus of which the Fire Company was one of the sponsors last August, on the ticket sales checks were made out to Fire Companies No. 2 and No. 3.

There was a discussion on the rebuilding of the 1937 Ford fire truck.

After the meeting there was instruction in the use of the inhalator conducted by Mervin Doremus.

Salt for Celery

Grand Rapids, Mich. (AP)—Celery growers faced with the problem of yellowing plants and weak plants susceptible to blight may find a cure at the corner drugstore. Michigan State University research men have learned that celery plants often fail to get enough magnesium. So the experts recommend a spray solution of epsom salts, which are a cheap source of magnesium.

Marshall Field, Philanthropist, Dies in Hospital

New York, N. Y. (AP)—Marshall Field III, multi-millionaire philanthropist and head of Field Enterprises, died today at New York Hospital. He was 63.

Death came at 5 a. m. (EST). His wife, Ruth, was at his bedside.

Field was taken to the hospital on Oct. 21. The following day he underwent brain surgery. Until today he had been described as in fair condition.

Inherited Fortune

Field inherited one of the world's greatest fortunes — in the neighborhood of $160,000,000 —from his merchant grandfather, founder of the Chicago department store bearing his name.

Mrs. Field said her husband had been ill for about six weeks before the operation was performed.

A spokesman for the family said Field had been brought to the hospital from his estate in Huntington, on Long Island, on Oct. 21.

Field inherited his immense fortune in several installments, according to the will of his grandfather. Since his grandfather died in 1906, the estate was not subject to federal inheritance taxes.

WOR Tower Hit By Plane, Fire Starts in House

North Bergen, N. J., Nov. 8 (AP) — A single-engined plane clipped a radio tower today and smashed into an apartment house here, setting it afire. Several persons were reported injured.

The plane rammed the tower of New York Radio Station WOR, and then hit the roof of a seven-story apartment building at 79th and Broadway, eight blocks away.

The top floor of the building burst into flames. Passersby dashed into the building to try to help occupants escape. Parts of the plane hung over the structure.

Kent Mack, operator of a photo studio, said a photographer at the scene reported that "several persons were taken away in an ambulance.

Catskill Driver Held On License Charge

Robert Caltabiano, 16, of 440 Main street, Catskill, was arrested on a charge of having no operator's license in his possession after a car he was driving was involved in a mishap with a truck near 300 Broadway yesterday afternoon.

Officers Thomas McGrane and Bruce Clarke reported at 1:37 p. m., that the car of Thomas B. Seaton, of 15 Second street, Hudson, driven by Caltabiano and headed west on Broadway, struck lumber extending from the rear of a pick-up truck owned by Island Dock, Inc. The truck, driven by Warren H. Grimm, of 26 Stickles avenue, had stopped for a traffic light.

Caltabiano was paroled for city court appearance, and today the case was put over until Friday.

Mark 92nd Year Of Postal Money Order Formation

Postmaster General Arthur E. Summerfield, in a statement marking the 92nd birthday of the Post Office Department's money order system, said today "money orders are easier to buy and easier to use than ever before."

Authorized by Act of Congress May 17, 1864, and sponsored during Postmaster General Montgomery Blair's administration largely as a measure to aid troops during the Civil War, the system was put into operation officially on November 1 of that year. During the first eight months, money orders totaled $1,360,123. During this fiscal year, the total is expected to be approximately $6 billion.

"In speed and efficiency the money order system today on its 92nd birthday has reached its highest point," Mr. Summerfield commented.

"Formerly," he explained, "the purchaser had to fill out a bothersome application with a scratchy pen (now replaced with ball point pens) and then wait in line while the clerk laboriously filled out the money order form."

"Today, on the other hand, he makes out no application, but simply walks up to the window and tells the clerk the size of the money order he wants. He hands the clerk the money, the clerks fills it out in a few seconds—using a machine in the larger post offices—and the patron has his money order.

Preference to Putnam

New York, Nov. 8 (AP)—The New York Central Railroad gave its Putnam division preferential treatment in improving facilities, despite steadily declining patronage, the Public Service Commission was told today.. The railroad made that contention in its application for permission to abandon the 53-mile-long commuting line as an alternative to imposing rate increases up to 500 per cent, which, it says, are necessary to cover deficits and provide a six per cent return on investment.

Cortines Lauds Ike

Washington, Nov. 8 (AP)—President Adolfo Ruiz Cortines of Mexico today personally congratulated President Eisenhower on his landslide re-election victory. The Mexican president put in a telephone call from his country to Eisenhower at the White House. U. S. Army Col. Vernon Walter served as interpreter. James C. Hagerty, White House press secretary, said Cortines congratulated Eisenhower and "expressed continuing friendship" for both the President and the American people.

Balloon Reaches Record Height, Drops to Earth

Rapid City, S. D., Nov. 8 (AP)—A balloon gondola which carried two naval officers to a record height of 76,000 feet came down near Kennedy, Nebr., today. It was not immediately known if the balloonists had ridden it to earth or had parachuted. They reported the balloon "out of control" shortly after reaching the record altitude.

Police were en route to the scene, eight miles southwest of Kennedy.

Message Breaks Off

The last radio message from the balloonists was that "we will be out of communication for some time. We are beginning to . . ." the message broke off there.

Shortly before noon, the sheriff's office at Valentine, Nebr., said it still was not known if the navy men had come down in the gondola.

The sheriff's office said authorities were en route to the spot where the gondola was reported down in "very hilly, sandy country."

A plane was reported circling over the area.

As the big gas balloon was dropping rapidly, one of the officers reported by radio "we are not going to bail out unless the cargo chute fails." (The cargo chute is a big emergency parachute which could lower the gondola in which the men were riding in case the balloon deflated.

Emergency Situation

The exact nature of the trouble was not immediately known, but the two Navy men said it was "an emergency situation."

"We are cool, calm and collected, we think and we will stay with the balloon as long as we can," one of the balloonists reported from an altitude of 39,500 feet.

Cmdrs. Malcolm D. Ross, 37, and Morton L. Lewis, 43 both of Washington, D. C., reached the record altitude for man-carrying balloon flights at 10:09 a. m. (CST). The earlier record of 72,395 feet was set in a flight from here in 1935.

State Driver Killed

Bryan, Ohio, Nov. 8 (AP)—A fire truck collided with a tractor-trailer yesterday at the intersection of U. S. 20 and Ohio 127, the Williams county sheriff's office said. The fire truck driver, Harlow Foss, 47, of Aurora, N. Y., was killed. Deputies said the fire truck was one of three being driven to Florida in a convoy.

YOUNGSTERS' DELIGHT—These two youngsters thrill to the possibilities in what seems to them a prime playhouse. It's a replica of an old British building, built by Col. W. Johnstone on his estate at Burlington, Prince Edward Island. It is just one of many replicas of famous buildings he has created through the years.

SUPERSONIC BOMBER—This sketch shows the Air Force's new B-58 "Hustler," America's first supersonic bomber. At Convair's Fort Worth, Tex., plant, it made its first taxi run, prelude to test flight. Designed for altitudes above 50,000 feet, the Hustler's triangular wings have a span of about 55 feet. The plane is 95 feet long and 30 feet high. It carries a crew of three—pilot, navigator-bombardier and defensive systems operator.

Financial and Commercial

New York, Nov. 8 (AP)—Declining stock market prices worsened in quiet trading early this afternoon.

Key stocks were down from fractions to around 2 points. Oils with big resources in the Middle East took losses running to around 4.

Brokers said continued profit-taking from yesterday's reaction to President Eisenhower's re-election plus bad prospects for the Middle East oil supplies were factors in the decline.

A dim outlook for resumption of oil shipments through the Suez Canal and suspension of oil shipments by Saudi Arabia to England and France depressed oil shares, brokers said.

The Associated Press average of 60 stocks at noon was down $1.50 with the industrials down $2.50, the rails down $1.50 and the utilities down 20 cents.

Fire Under Control

St. Pascal, Que., Nov. 8 (AP)—Fire which raged for more than nine hours in the old wing of the four-story normal school here was reported under control today. No one was injured but damage was heavy. Some 50 nuns and 200 girl boarders filed safely from the stone structure when the fire was first noticed yesterday. Two hundred other day students had left the school after classes earlier. The blaze apparently was caused by a short circuit in one of the upper floors of the 50-year-old building.

Would Bar Kadar Group

United Nations, N. Y., Nov. 8 (AP)—Cuba demanded today that representatives of the new puppet Hungarian government be barred from the regular session of the UN General Assembly opening next week. Ambassador Emilio Nunez-Portuondo, the Cuban delegate, announced that his government would not recognize the Janos Kadar government and called on all other countries to withhold recognition. Addressing an emergency meeting of the 76-nation assembly, Nunez-Portuondo called the Hungarian delegate, Janos Szabo, a "pseudo delegate" and an "alleged delegate." He blasted him for coming before the assembly to "give his blessing to the assassination of thousands of his fellow countrymen" by the Russians.

Waiters Plead Innocent To Tips, Taxes Charges

Eight captains of waiters at the Waldorf Astoria Hotel and two headwaiters at the Statler Hotel, New York city, pleaded innocent Wednesday before Federal Judge John M. Cashin to charges of failing to report tips totaling $89,110.37 and evading taxes of $19,664.15 between 1952 and 1954.

Judge Cashin set $500 bail for each and scheduled November 19 for the fixing of a trial date.

The Waldorf captains were Leon Smetana, Carl Mecke, Louis Reggio, Paul D. Behrendt, Henry Blanke, Arthur Kress, William Penz and Carl Horn. The Statler headwaiters were Malachia Cesario and Raymon San Martin.

At the same time Judge Cashin scheduled November 9 for the pleading of three additional Waldorf waiter captains on charges of failing to report in their returns a total of $12,410.75 and evading taxes of $2,627.98, also between 1952 and 1954. They were Max Ganter, Otto Fritz and Gustav Wentz.

UN Pushes Police Plan Despite Defiant Situation

United Nations, N. Y., Nov. 8 (AP)—The United Nations pushed ahead today with its plans for formation of a Middle East police force despite Israeli defiance and British-French refusal to withdraw from the Suez Canal Zone until the UN troops are on the spot.

The General Assembly, after an all-day debate, last night approved Secretary Dag Hammarskjold's plan for the emergency force to police the cease-fire in Egypt and supervise withdrawal of foreign troops.

The Assembly resolution asked the new UN command headed by Canadian Maj. Gen. E. L. M. Burns "to proceed forthwith with the full organization" of the force.

The Assembly also adopted a resolution calling on Britain and France "immediately to withdraw their forces from Egyptian territory" and on Israel to pull out of Egypt's Sinai Peninsula and Gaza strip, the territory she occupied in her sweep into Egypt.

Red Trouble Greatest

Paris, Nov. 8 (AP)—Trouble between Soviet Russia and its satellites is much greater than the difficulties within the Atlantic Alliance, Gen. Alfred M. Gruenther said today. Gen. Gruenther, retiring allied commander, told the American Club in Paris: "In the Soviet bloc there is a hurricane of really terrific proportions." He acknowledged that the western alliance is also in the midst of an internal crisis which, he said, makes some people in the West unduly pessimistic. He did not specify what he meant, but apparently was referring to the disagreement between Britain and France on one hand and the United States on the other concerning the Suez invasion.

Famine Threatens

garian civilians, farmers and others.

Forced to Retreat

"These Hungarian civilians shouted to us: 'Don't shoot. We are Hungarians.'

"Nevertheless some of our men threw two hand grenades over the heads of the civilians to try to hit the Russian tanks. But the grenades failed to go off. We couldn't fire through our own people, so we had to retreat."

The rebels were ragged, muddy, unshaven, cold and hungry in patched up uniforms and civilian clothing. They were immediately moved to Austrian aid stations.

Earlier reports said scattered pockets of insurgents were fighting on against heavy Soviet blows aimed at wiping out the last remnants of Hungary's rebellion.

Radio Free Europe's listening post in Munich reported that the rebel radio transmitters were stilled today.

"Our monitors have not been able to pick up any rebel broadcasts since last night," a spokesman said, "and that's very discouraging."

Time Running Out

The earlier rebel reports made it clear that time was running out in many desperate, last-ditch stands. One unidentified station in the PECS region said: "Thursday will be the last day on which we shall be able to resist Russian attacks. Our ammunition and our food supplies are running short.

"Blood is the only thing we still have to offer."

Hungary's new Soviet-imposed government today ordered the resumption of normal life in the country, but also indicated all resistance had not been put down. A radio Budapest broadcast called for resumption of work and reopening of schools "where peace and security permit it."

Political advisers of the new government were dispatched throughout Hungary to work with local authorities. The advisers were to have final authority.

Marine Corps To Celebrate 181st Anniversary

Saturday the United States Marine Corps will celebrate the 181st year of a long and glorious panorama of courageous unselfish service that dates back to 1775, when the corps was established by the Continental Congress.

The marines ended their war with the Mediterranean pirates by planting the Stars and Stripes over the pirate stronghold on the shores of Tripoli after a 600-mile march across the desert of North Africa. In the War 1812 they fought on Lake Champlain and Lake Erie and with General Jackson behind the barricades at New Orleans..

Stormed Montezuma

Under General Scott they stormed the halls of Montezuma in the Mexican War of 1846-48. Later they served in detachments when Commodore Perry visited Japan in 1854.

During the Spanish American War a single battalion of Marines seized and held the Naval Base at Guantanamo Bay, Cuba, in the midst of 6,000 Spaniards and guerrillas while other leathernecks distinguished themselves at the battle of Santiago and with Dewey at Manila. They helped quell the Boxer uprising in China in 1900, and from then on until World War I, men of the corps campaigned in the Philippines, Cuba, Mexico, Haiti, and Santo Domino to protect American lives and property.

In the first World War, Marines carved a permanent niche in history through their heroic efforts at Belleau Wood, St. Mihiel, Champagne, and the Meuse-Argonne.

Set Stage for Victory

In World War II, Marines were instrumental in setting the stage for victory in the Pacific. As a result of their exploits in battles such as those at Guadalcanal, Bougainville, Tarawa, Saipan, and Iowa Jima, the Marine Corps earned new prestige for their country and their corps.

Hostilities in Korea found the Marine Corps in battle once again, this time under the banner of the United Nations. Ever ready to add new glory to a sparkling record of brilliant achievements, Marines once again fanned the flames of military greatness with their epic, heroic deeds at Seoul, Inchon, and the Chosin Reservoir.

Today as in the years past and the years to come the every ready land, sea and air team of the United States Marine Corps stands poised to protect American lives and property throughout the world. It is a force in readiness, truly America's first line of defense.

Retriever Needs Retriever

Yakima, Wash. (AP)—E. V. Putnam's dog Pud is giving him some concern. The spaniel has been doing some retrieving without sanction. Objects retrived in a recent period of a few weeks included six of the neighbors' aluminum pots and pans, one copper-bottomed pot and two china dishes. On an eight-hour hunting trip, however, Pud failed to flush a single game bird.

Saugerties Sets Boy Scouts Court Of Recognition

The annual fall Court of Recognition of Saugerties District, Boy Scouts of America, will be held Tuesday at 7:45 p. m. in Saugerties Municipal Auditorium, according to Henry Hanson, district advancement chairman.

All Saugerties District Scouts who have advanced in rank since the last court, May 23 will be recognized before the entire Saugerties Scout organization.

Many District officials and troops, Cub Packs and Explorer Posts will participate. According to Mr. Hanson arrangements have been made to present an interesting speaker.

The general public as well as parents and friends are invited to attend.

JACOBY ON BRIDGE

Cheap Trick Proves Costly

BY OSWALD JACOBY
Written for NEA Service

An unusual defensive play is shown in today's hand, contributed by Harry Goldwater, better known as a great tournament director rather than as a player.

West opened the deuce of hearts, and declarer played the ten from dummy. Goldwater played the four of hearts instead of covering dummy's ten with his jack. This seemingly innocent play had a far-reaching effect.

South liked the idea of winning the first trick cheaply, so he let dummy's ten of hearts hold. This was exactly what Goldwater had in mind when he refused to cover the ten of hearts.

When diamonds were led, Goldwater refused the first two tricks. He took the third diamond trick and returned a heart.

South could get one further heart trick with his ace, but he couldn't get to dummy for the rest of the diamonds. South therefore wound up with only eight tricks, losing his game contract.

There would be a different story to tell if East covered the ten of hearts with the jack at the first trick. South would win with the ace of hearts and go after the diamonds. Declarer would eventually have to lead one of the small hearts to dummy, and he would surely get to dummy with the queen and thus be able to cash the rest of the long diamonds.

Now! A Bread to HELP YOU Control Weight!

Takes The Place Of Appetite-Appeasement Wafers, Pills And Tablets That Cost Up To Twice As Much!

NOT A "REDUCING BREAD"... No Bread Reduces. Profile Helps Control Weight Through Appetite Appeasement

30 Minutes Before Lunch And Dinner Eat 2 Slices* Of

Profile
Special Formula Bread

Because Its Protein Helps Normal People To More Effectively Appease The Appetite Control Center Of The Brain —So You Eat Less

Lactalbumin—The Revolutionary New Protein "Booster" From Milk—Gives It A "Higher Protein To Calorie Ratio†"

Better For All The Family Because Better In Complete Protein Than Ordinary White And Whole Wheat Breads

In the brain's hypothalamic region, the appetite control center acts, in normal people, to increase your appetite . . . or . . . to reduce your appetite.

Eating some carbohydrate and protein-containing food 30 to 60 minutes before your regular meal is an effective way to reduce your appetite.

Protein helps appease your appetite longer.

The less you crave food . . . the less you eat!

PROFILE SPECIAL FORMULA BREAD DOES JOB FOR LESS

Two slices of Profile Special Formula Bread 30 to 60 minutes before lunch and dinner should appease your appetite control center.

Four slices of Profile Special Formula Bread cost about a nickel. Many wafers, pills, and tablets, used for appetite appeasement, cost up to twice as much to take. Thus, Profile Special Formula Bread curbs appetite for half their cost!

Actually, a one-pound Profile Special Formula Loaf gives you about 24% more complete protein than ordinary whole wheat bread; about 28% more than ordinary white bread. Because it contains the new miracle protein "booster" from milk—lactalbumin.

A loaf supplies about as much complete protein as 3 lamb chops. Note chart at right for vitamin and mineral content. Be sure to eat a well-balanced diet for sufficient vitamins and minerals.

BUY PROFILE SPECIAL FORMULA BREAD FOR ALL THE FAMILY

Buy Profile Special Formula Bread. It costs a few pennies more. And is worth it.

Not only in the exercise of scientific weight control. But because its higher complete protein content is an important aid to health and vitality.

And you'll love the flavor of Profile Special Formula Bread. It is light . . . with a beautiful firm and even texture.

And it toasts perfectly! You'll really rave about Profile Special Formula Bread toast!

KEEP YOUR WAISTLINE IN

Profile Special Formula Bread really works wonders. You won't lose 10 pounds the first week. But you can work for better control of weight through appetite control . . . all of the time.

But see for yourself what Profile Special Formula Bread can do. Get it fresh from your grocer today. You'll be delighted with results.

Justice With Mercy

Phoenix, Ariz. (AP)—City Magistrate C. W. Pensinger tempered justice with mercy for Arnold Sidman who got three traffic tickets rushing his injured daughter to the hospital. Sidman's daughter had mashed her fingers in a washing machine, and said he believed the child's condition warranted the speed. Pensinger gave him a sentence of $85 or 60 days in jail—and suspended it.

ODM Won't Stockpile Aluminum at Start

Washington, Nov. 8 (AP)—The Office of Defense Mobilization (ODM) reports it will not stockpile additional aluminum in the first half of 1957.

The agency said yesterday that 400 million pounds originally destined for stockpiles would be available for industrial use.

The ODM said minimum stockpile goals had been reached and the government does not buy toward long-term goals in time of strong industrial demand.

Housewives Run Petitions Against Elvis as Vulgar

Syracuse, N. Y., Nov. 8 (AP)—About 30 Syracuse housewives are circulating petitions asking that Elvis Presley be barred from television.

A spokesman for the group said yesterday that the police chief, a police justice, an assistant district attorney and several policemen had signed the petition.

She said the petitions would be sent at the end of this week to the Columbia Broadcasting System and the National Broadcasting Company. The spokesman said the women were seeking "hundreds" of signatures.

The petitions say that Presley engages in "physical contortions" that are "vulgar, suggestive and disgusting."

The women said they drafted the petition after reading an editorial by the Rev. William J. Shannon, director of music, radio and television for the Roman Catholic diocese of Syracuse. He said that what he termed "the Presley influence" was a threat to modern youth.

William D. Stark, manager of the Onondaga County War Memorial, last week denied use of the Memorial's auditorium for a Presley appearance.

He said he did so on the ground that Presley used "gestures" that could cause trouble among a teen-age audience.

Ave Says Vote Lack of Confidence

Albany, N. Y., Nov. 8 (AP)—Gov. Harriman says that Democratic control of the new Congress is evidence of "continued lack of confidence in the Republican party."

He said in a statement yesterday that President Eisenhower, despite his landslide reelection, had a mandate from the voters to bring Democrats into "full consultation."

The Democratic governor said that "we have a right to expect that the President will now take the initiative in developing genuine bi-partisanship in foreign affairs . . ."

Lab Equipment Allows Study of Earth's Layers

Washington, Nov. 8 (AP)—Laboratory equipment capable of simulating pressures and temperatures which exist 100 miles or more beneath the earth's surface offers possibilities for gaining new knowledge of the nature of the earth's various layers, a Washington scientist said today.

Geophysicist F. R. Boyd of the Carnegie Institution of Washington said newly developed equipment in that and other laboratories throughout the country appears to provide means of getting information beyond that obtainable by studying earthquake waves.

Check on Minerals

In remarks prepared for a meeting of the National Academy of Sciences, he said such equipment is being used to study the behavior of earth minerals under conditions of temperature and pressure believed to be present below the earth's crust. He amplified in an interview.

It has been found, Boyd said, that such minerals as quartz "break down" into minerals that retain the same chemical composition yet have different crystalline structure and different properties.

This phenomenon, he said, might account for observed differences in the velocities of earthquake waves, depending upon which of the earth's three "layers" they pass through.

Different Way Below

That is, Boyd said, the evidence suggests that minerals as they are known on the face of the earth exist in entirely different "phases" deep in the earth.

Up to now, he said, studies of earthquake waves—including differing velocities—have been the principal means of estimating the nature of materials which make up the roughly 3700-mile deep earth.

The newer technique, he said, appears to offer a more direct method. He said the equipment consists of two carbide pistons, activated by a hydraulic press, and exposed simultaneously to high heat from a furnace.

A sample of rocky material, he said, can be "squeezed" to a film some 5/10,000ths of an inch thick under a pressure of roughly one million pounds per square inch.

While a 100-mile simulated depth is the greatest so far achieved, Boyd said "we expect ultimately to increase that considerably."

In England the Mute Swan has had the status of a royal bird ever since 1482.

Reds Admit They Shot Down ROK Fighter Aircraft

Tokyo, Nov. 8 (AP)—North Korea tonight admitted shooting down a South Korean P51 Mustang fighter plane. Radio Pyongyang said the South Korean craft violated North Korea's territory.

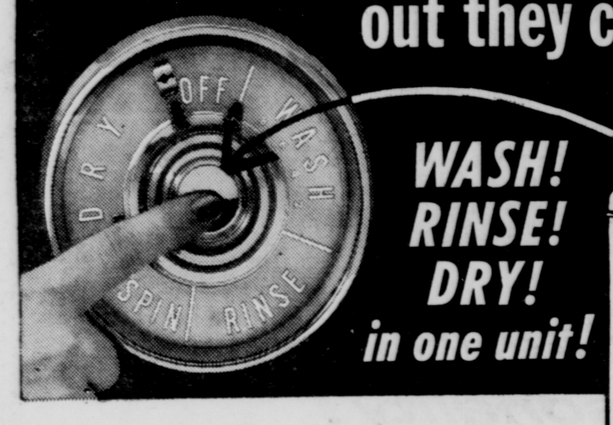

South Korea announced yesterday two of its P51s had been attacked and said one plane was missing. The second P51 returned with 20 bullet holes in it, South Korea said. The South Koreans claimed two North Korean MIG 15 fighters attacked the two Mustangs over the Yellow Sea, which separates Korea from the Chinese mainland.

The North Korean broadcast said the two South Korean planes launched the attack and the North Korean planes fought back, shooting down one P51.

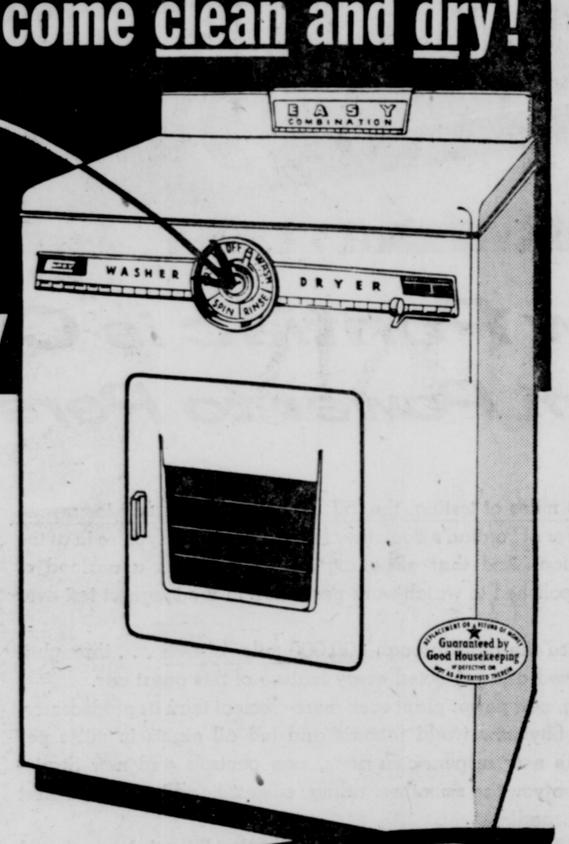

It was the first encounter between South and North Korean planes since the Korean armistice.

Radio Pyongyang referred to the South Korean planes throughout the broadcast as "United Nations" aircraft.

Progress Noted In Paper Strike

Cleveland, Nov. 8 (AP)—Representatives of Cleveland's three major daily newspapers, idle for a week, meet again today with representatives of the Cleveland Newspeper Guild for discussion at the offices of Anthony J. Celebrezze.

In a statement issued after a 3½-hour session yesterday, the mayor said, "both sides are well pleased with progress up to this point." The negotiators had agreed that the mayor, who called the meeting yesterday, would be the only one to issue statements on progress in the contract negotiations.

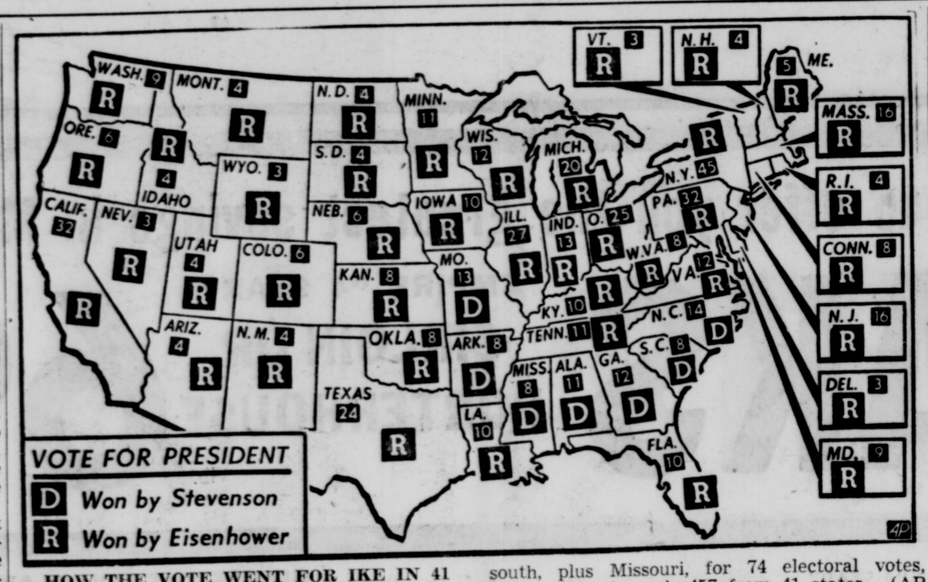

The guild is on strike against the Cleveland Press, an afternoon paper. Production at the Cleveland News and the Cleveland Plain Dealer, afternoon and morning papers published by the Forest City Publishing Co., halted when delivery truck drivers refused to load copies with combination name-plates—including the name of the struck Press.

A major issue in negotiations preceding the strike against the Press were the guild's demands for wage increases of $9 to $12.50 weekly, in a two-year contract. Under the old contracts, minimum weekly rate for newsmen having five years experience was $122.50.

Spending for New Construction Is Down in October

Washington, Nov. 8 (AP)—Spending for new construction declined seasonally in October to $4,126,000,000, the commerce and labor departments reported jointly today. The September figure was 4¼ billions.

Despite the decline, outlays still were slightly above the previous October high of $4,037,000,000 set in 1955.

The department said most major construction categories except for private housing continued strong.

Expenditures for private industrial plants, highways, public utilities, office buildings, sewer and water facilities, churches and public schools were at a record October high. The value of October work on new private housing declined more than seasonally to a level 14 per cent below the October record in 1955.

New construction activity so far this year, on a seasonally adjusted basis, has been at rates which indicate this year's total will exceed 44 billion dollars, compared with 43 billion last year. Actual expenditures of 37 billions in the first 10 months were 3 per cent above the corresponding 1955 figure.

Stevenson Left Alone by Newsmen

Libertyville, Ill., Nov. 8 (AP)—For months, Adlai E. Stevenson could hardly utter a word without finding someone at his elbow, ready to write it down and report it.

For months, there was the prospect that he might become president—and the statements were regarded as important news.

No legions of newsmen and photographers, no tangle of television camera cables awaited him as he returned late yesterday to his farm home near this Chicago suburb.

Only One Around

When the two-time loser in races for the presidency left his downtown Chicago hotel headquarters for the 40-mile trip, one newsman, two photographers and a newsreel cameraman followed him. During his campaign there were dozens accompanying the Democratic presidential candidate.

At his farm home later only one newsman kept vigil.

Lights were aglow in the Stevenson home as he entertained a few friends, without interruption. There were no lines of automobiles grinding along the gravel turn-around in dizzy pursuit of the man who wanted to lead a nation, as during the campaign.

"AND EVERYWHERE THAT MARY WENT . . ."—Only in this case it isn't a Mary and it isn't a lamb that's following her to school. It's "Donald," pet duck that trails Jaquita Thompson, 11, to her sixth grade class in a Pittsburgh, Pa., school and incidentally creates a traffic headache for Mrs. Marion Vallowe, crossing guard.

Assigned Risk Plan Offices Will Open Dec. 3

Representatives of the Assigned Risk Plan will accept liability insurance applications Dec. 3 from motor vehicle owners unable to obtain automobile insurance policies through normal channels, Motor Vehicle Commissioner Joseph P. Kelly announced today.

The nearest of the six upstate cities to open temporary offices will be Motor Vehicle Bureau district office, 135 Ontario street, Albany and in New York city at a permanent office at 107 William street. This office will also handle mail applications from all over the state.

Created by Law

The Assigned Risk Plan is a semi-official agency created by law to distribute equitably among insurance companies the applications for liability insurance which are referred to the Plan by the insurance industry. The Plan is operated by insurance companies under supervision of the State Insurance Department.

Under new law, motor vehicle owners must submit proof of "ten-twenty-and-five" automobile liability insurance (Form FS-1) or certain other proof of security with applications for 1957 registration plates. Otherwise, 1957 plates cannot be obtained.

Ordinarily, vehicle owners who are unable to get liability insurance coverage through local agencies or brokers are referred to the Assigned Risk Plan at 107 William street, New York city.

During the 1957 registration renewal period, starting Monday, Dec. 3, representatives of the Assigned Risk Plan will set up temporary offices in Buffalo, Rochester, Syracuse, Utica, Albany and Binghamton for the convience of motorists who are referred to it by insurance companies, agents or brokers.

To Issue Applications

In their temporary offices, Assigned Risk personnel will receive over-the-counter applications for liability insurance coverage under the Plan, allocate the risks to individual insurance companies, and prepare the required FS-1 certificates of insurance. The temporary offices will not be able to accept applications by mail, it was pointed out.

Motor Vehicle Commissioner Kelly worked out the arrangements in conjunction with the State Insurance Department and George Schephens, manager of the Assigned Risk Plan which ordinarily conducts its business only at its permanent offices in New York city.

The State Superintendent of Insurance has announced that if the Assigned Risk Plan turns down an applicant for liability insurance, the applicant may appeal the decision to the superintendent. After a hearing he may direct that the insurance policy be issued.

Ticket Sale Brisk For Jones Dinner

Ticket sales for the testimonial dinner to be given Addison Jones by Kingston Post 150 American Legion were reported brisk today by Jules Albertini, ticket chairman.

The dinner will be held Wednesday, Nov. 14 at 6:30 p. m. at the Governor Clinton Hotel.

Mr. Albertini said reservations will close Monday, Nov. 12. He stressed that while the dinner will be sponsored by the Legion the public is invited to attend. Tickets may be secured by calling the Legion building, West O'Reilly street, or at Tommy Maines Sport Shop.

The Legion, which carries on an extensive child welfare program of its own, chose to honor Mr. Jones because of his untiring efforts in behalf of children's programs, especially as campaign director for polio drives over a period of years.

The prominent local businessman has been the sparkplug of many civic programs for a long time.

Nanaimo, Canada intentionally built narrow streets. This slows down traffic and has completely eliminated traffic fatalities.

CWV Plans Square Dances at Sawkill

St. Ignatius Loyola Catholic War Veterans Post 1769 will sponsor a square dance Saturday, Dec. 1 at Sawkill.

Francis J. Barry, chairman, said "it is the intent of our committee to capture the atmosphere of days gone by and provide a full evening of enjoyment and entertainment for all those attending. He said many in this area would recall square dances held regularly at St. Anne's Hall during past years.

The committee includes Robert A. Donnaruma, Robert Lammon, Robert J. Mallon, James K. Murphy and Guy A. Visk.

At Monday night's meeting Wendell Scherer, welfare officer, reported on the recent Halloween party held for members' children. William F. Edelmuth, first vice commander, reported the post had been accepted recently into the Kingston Veterans Association. Mr. Edelmuth has been appointed vice chairman of that association and chairman of the executive board.

The post will hold its next monthly meeting Tuesday, Dec. 4.

Pretty Prime Porkers

Bushnell, Ill. (AP)—The quality of the hogs shown at the second annual Ladies Hog Show was praised as better than last year's competition. Jess Barnes of the Bushnell Stockyards, sponsors of the show, said 20 women exhibitors showed a total of 117 head of hogs, and that hogs in the No. 1 class received a 50-cent premium over the prevailing price.

Glasco Kindergarten In Half-Sessions

The kindergarten of the Glasco School will go on half-time session according to a decision made by the board of education of Saugerties Central School District at its regular meeting held this week in the high school.

The new schedule was necessary due to the increased attendance in the kindergarten, Dr. Grant D. Morse, superintendent of schools said. All other kindergarten groups in the Saugerties Central Schools have been on half-time schedule since the beginning of the year.

Superintendent Morse informed the board that the Village Board of Trustees again had granted the use of the Municipal auditorium for practice purposes for the Saugerties Central School teams.

Hire Three Teachers

Also authorized by the board was the hiring of three additional teachers for the new term beginning next September. The announcement of increased attendance motivated the decision to hire additional teachers, Dr. Morse said.

The new teachers will be assigned to physical education, reading and high school mathematics.

Brown Construction Company of Kingston was engaged to lay a short section of macadam walk at the Main Street School.

Superintendent Morse announced that Mrs. Joseph Scott of Kingston was engaged as a half-time kindergarten teacher for the Mount Marion School.

Saugerties C of C Yule Light Fund Campaign Begins

A fund-raising campaign to sustain the cost of providing locally operated Christmas lighting for the village of Saugerties went into "high gear" this week with the mailing of over 500 letters of solicitation, according to Thomas W. Reynolds Jr., president of Saugerties Area Chamber of Commerce.

Letters explaining the need were mailed to area businessmen, professional men, merchants, local organizations and former patrons of the Christmas lighting program.

Project costs $4,100

The project will cost approximately $4,100 which is slightly more than twice the amount usually raised to rent Christmas lights for the Yuletide season in the village.

The cost will provide for the initial purchase of permanent cables, strings of lights, garlands and center pieces. The permanent cables will remain strung across the streets and may be used by all organizations for special promotions and displays of flags and banners for special occasions. Mr. Reynolds said.

According to Mr. Reynolds, if the initial cost of equipment can be raised this year, it has been estimated that replacement and maintenance costs and a provision for additional strings will total less than $300 per year. In view of this small amount it may be possible for the Chamber of Commerce to absorb the cost of annual installation and maintenance, he said.

Larger Donation Needed

A larger donation than in previous years is necessary in order to raise enough to purchase the permanent equipment. Thus far the Chamber has expended all of its special fund approximately $1,200 as partial payment for the work already completed, Mr. Reynolds said.

This is not a project of the merchants alone, Mr. Reynolds pointed out. Each individual with pride in his community is welcome to contribute whether canvassed or not. Each one of us has a stake in the future and friendly attitude and appearance of Saugerties, he said. As Saugerties prospers so will each one of us.

Herbert Lachmann, chairman of the Christmas Lighting Committee has worked nearly a year on the progrom which now requires your financial support to be completed, Mr. Reynolds said.

Contributions may be mailed to Christmas Lighting Fund, Saugerties Area Chamber of Commerce, P. O. Box 273, Saugerties. Contributors names will be published at regular intervals.

Newest Buick Yet

You know all that talk you've been hearing about the 1957 new car models being *really* new?

Well, in the case of the 1957 Buicks it's true—*gospel true.*

We mean these 1957 Buicks are new in the precise and literal sense. We mean new from the ground up, and from gleaming grille to sassy taillights.

We mean new lowness, new styling, new bodies, new windshields, new controls, new safety-padded instrument panels, new safety steering wheels, new seating, new fabrics, new colors.

We mean new front end, new rear end, new frame, new braking, new steering, new handling, new riding, new roadability—a whole new chassis of greater solidity and safety.

We mean V8 engines new from the crankshaft up—engines that deliver an all-time high in horsepower and compression from their 364-cubic-inch displacement.

And we mean, most of all, *an advanced new Variable Pitch Dynaflow*—so instant in the starting range—so utterly smooth and so totally full-range in "Drive"—that your need for "Low" is practically eliminated.*

So come take in these low-silhouette, these boldly beautiful, these *instantly obedient* Buicks for 1957.

Then you'll see why you can't blame us for being so fired up about it all—and how catching this excitement can be.

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Play Mishap Fatal

New York, Nov. 8 (AP)—A 10-year-old Staten Island boy, his skull pierced by a pointed wooden spear thrown by a chum while playing cowboys and Indians, died yesterday. The victim, William Freck, was injured Tuesday by an 8-year-old friend. An initial examination seemed to show only an external wound. Yesterday the youngster was taken to a hospital where it was disclosed the spear actually had penetrated the skull and caused internal bleeding.. He died shortly afterward. Police said death was accidental.

McGrath License Granted

New York, Nov. 8 (AP)—The New York-New Jersey Waterfront Commission has granted a permanent stevedore license to the John W. McGrath Corp. following a probe of alleged wrongdoing by the concern. The company had been under fire for assertedly paying $198,000 to an agent of the Venezuelan line in order to obtain business. While granting the license yesterday, the commission said "we are not entirely satisfied" with the explanation given by the corporation. The agency did not elaborate beyond saying some "important" witnesses had been unable to testify.

Burn Red Consulate

Montevideo, Uruguay, Nov. 8 (AP)—A crowd of about 20 youths carrying sticks and torches, burned down the Russian consulate here this morning as a protest against Soviet repression in Hungary. Police said the only person in the building at the time was a policeman and he ran to seek help. By the time police and firemen arrived the place was ablaze. No one was hurt.

That Personal Touch

Indianapolis (AP) — John H. Olmstead is a florist who believes in giving his customers personal service. He noticed two youths enter a customer's car parked in front of the floral shop and drive away. Olmstead jumped into his car, forced the two teen-aged boys to stop, turned them over to the police and returned the car to his customer.

Mideast Briefs

Jerusalem, Nov. 8 (AP)—Israeli Foreign Minister Golda Meir returned today from a one-day trip to Paris. She conferred there with Jacob Tsur, Israeli ambassador to France and Eliahu Eilat, ambassador to Britain.

Immediately on arrival here she reported to the Israel cabinet, which is in urgent session to discuss latest Middle East developments, particularly President Eisenhower's appeal to Premier David Ben-Gurion to withdraw Israeli troops from the Sinai peninsula.

Amman, Jordan, Nov. 8 (AP)—King Hussein sent a message to President Eisenhower last night congratulating him on his re-election and urging him to act to bring "stability" and "peace" to the Middle East.

* * *

New Delhi, India, Nov. 8 (AP)—Prime Minister Nehru has told Soviet Premier Nikolai Bulganin he hopes steps will be taken to restore peace in the Middle East "rather than enlarge the circle of conflict."

The Indian prime minister made this comment in a reply to a note from Bulganin reporting Soviet warnings to Britain and France. The Indian government released the text of the exchange today.

Amman, Jordan, Nov. 8 (AP)—Premier Suleiman Nabulsi sent a message to Premier Bulganin last night expressing "deepest thanks" for the stand taken by the Soviet Union against "imperialistic aggression" in the Middle East.

He declared: "The Jordanian government and people have found in the Soviet stand a true expression of the Soviet Union's determination to resist imperialistic plans to halt the progress of nations and the liberation of humanity."

Power Output Up

New York, Nov. 8 (AP)—The nation's output of electricity advanced slightly last week and attained a level 5.8 per cent higher than the same week a year ago, Edison Electric Institute reported today. Power production for the week amounted to 11,487,000,000 kilowatt hours, compared with 11,391,000,000 the week before and 10,853,000,000 for the corresponding week in 1955. All sections of the country showed gains over a year ago.

'Assigned Risk' Offices to Open In Six Cities

Albany, Nov. 8 (AP)—Temporary offices of the "Assigned Risk Plan" will be opened in six upstate cities for motorists who cannot get liability insurance through normal channels.

Joseph P. Kelly, motor vehicle commissioner, said today that representatives of the plan would be at Buffalo, Rochester, Syracuse, Utica, Albany and Binghamton during the registration renewal period opening Dec. 3.

The plan is a semi-official state agency created to distribute equitably among insurance companies the applications from drivers who are more-than-ordinary risks.

Under a new law, motorists must provide evidence of financial security—such as a liability policy— before they can obtain 1957 plates.

Representatives of the plan will receive applications, allocate the risks to individual companies and prepare the certificate needed.

The Assigned Risk Plan, which does business ordinarily only at its New York city office, is operated by the insurance industry and supervised by the State Insurance Dept.

Seek Clothing For Burned-out Modena Families

A community project to secure clothing for the Johnson family of Modena who lost all their possessions in a fire Sunday morning was underway today, according to Mrs. Burton Ward.

Fire destroyed a large frame farmhouse located about a mile and a quarter south of Modena early Sunday, routing two farm families, it was reported. The house was owned by Mrs. Edith Powell of Modena.

Those residing in the house at the time of the fire were Mr. and Mrs. Henry Johnson and daughter, Virginia; Morris Graham, Clifford and David Johnson and two children, Rosanne, 18 months and Herbert Johnson, 7.

They are presently living in the Peter Smith house in Modena. The two farm families stayed the night at the Methodist parsonage in Modena.

The families lost everything, clothing, furniture and other possessions, Mrs. Ward said.

Any offer of clothing, furniture, utensils or food may be directed to Mrs. Ward at Modena. Information as to sizes may be learned by phoning Mrs. Ward or Mrs. Herbert Winters.

British Papers Ask President To Seal Breaches

London, Nov. 8 (AP)—Three British newspapers expressed hope today that President Eisenhower, now that the election is over, would give high priority to sealing breaches in the alliance of the United States, Britain and France.

"Though it is not true that an American administration is totally immobilized in election years," commented the Conservative Daily Telegraph, "there is an understandable reluctance to take highly controversial decisions.

"We have indeed had reason to complain that for over three months American policy seems to have been slanted in different and often contradictory directions: And there has, of course, during the past fortnight, been an open breach over the British-French action in the Middle East.

"That breach must now be healed and sealed."

Lord Beaverbrook's Daily Express, which follows an independent imperialist editorial policy, called for the replacement of Secretary of State Dulles and urged Prime Minister Eden to fly to Washington soon for a "frank exchange of views between the two leaders of the western alliance."

The Liberal News Chronicle said the president starts his new term "at a moment of strong anglo-American tension, but there is no one better suited to unravel the confusions."

"This is not to exonerate the Americans from all blame," the paper continued. "The President, like Britain, has tended to back both sides in the Middle East. The common task today is to repair the damage and find a common policy."

Something They Ate

Madison, Wis. (AP)—An old custom holds that the darker the fall coat of the woolly bear caterpillar the more severe the winter that follows. But Prof. Thomas C. Allen, chairman of the entomology department of the University of Wisconsin, says it's just something the caterpillars ate. "The color of the coats is due to whatever food is available when they shed their coats," Allen said.

Prize Not Relative

Dumas, Tex. (AP)—Mike Trujillo and Jeanette Trujillo won the two bicycles offered as a prize by a department store. Mike lives in Dalhart, Jeanette in Dumas. The towns are about 40 miles apart. The youngsters are not related, and in fact, never heard of each other.

Why We Say--

AT NIGHT: The term "black market" arose during the last war. The name started in England where severe rationing preceded rationing in the U. S. The markets which dealt in goods from illegal sources were said to operate at night while carrying on a legitimate business in the day. The term and business became universal.

Man—How much is the hotel bill?

Hotel Manager—It's $75.

Man—What, $75.

Hotel manager—Yes, $40 for room and $35 for meals.

Man—Why $35 for meals? We didn't eat a meal here!

Hotel Manager — The meals were here. If you didn't eat them, that is your fault.

Man—Then I will charge you $35 for kissing my wife.

Hotel Manager—But I didn't kiss your wife!

Man—That's OK. She was here. If you didn't kiss her, that's your fault.

Hotel Manager—Your bill will be $40.

He was deeply in love with his wife, but awfully careless about money matters. He started away on a long business trip, leaving her short of money, and promising to send her a check—which he forgot to do. The rent came due and she telegraphed:

"Dead broke. Landlord insistent. Wire me money."

Her husband answered:

"Am short myself. Will send check in a few days. A thousand kisses."

Exasperated, his wife replied:

"Never mind the money. I gave the landlord one of the kisses. He was more than satisfied."

Cohen Named Pilot

Indianapolis, Nov. 8 (AP)—Andy Cohen of Elmira, N. Y., manager of the New Orleans Pelicans of the Southern Assn. the last two years, today was appointed manager of the Indianapolis Indians of the American Assn. Kerby Farrell, who won pennants at Indianapolis two of the last three years and added the Little World Series championship this fall, was left unemployed—at least temporarily. He has been mentioned as a possible manager of the Cleveland Indians.

He has a right to be proud of that muscle. And you have a right to be proud of the many other kinds of strength that are developing in him . . . the kinds that come from the sound education you know he is getting. THE EASY WAY—Placing a steeplejack and equipment on top of a smokestack more than 300 feet high is easy if you use a helicopter. With the aid of extensions of skid landing gear, a Bell helicopter in Dallas, Tex., deftly lands on top the chimney by straddling it and putting steeplejack and equipment on the job. When repairs were completed, the helicopter returned to bring the worker back to earth.

The proposal also calls for the installation of recreational facilities including two basketball courts which could be transformed into volley ball and tennis courts.

Playground equipment would include swings, slides, see-saws, etc. for the upper grade children and two softball diamonds with a speedball court, soccer field and a 100-yard-dash track adjacent.

The area north and at the rear of the school would be graded under the proposal for winter sports such as sliding, coasting, etc.

$400. This would mean an increase of $200 for each councilman.

The three assessors would receive a combined salary of $5,000 against $4,000, an increase of $1,000.

The collector of taxes would receive $1,800 against $1,500, an increase of $300.

The town attorney would receive $5,000 against $3,000, an increase of $2,000.

The two increases favored by taxpayers at the meeting were those of the town superintendent—from $3,300 to $4,200, an increase of $900—and town clerk—from $3,040 to $3,640, an increase of $600.

cases of leave cancellation for servicemen, but there has been no broad, over-all cancellation of all military leave.

The United States will take no direct part in the UN police action, but has volunteered to provide airlift and other transportation of forces to the area.

Officials here were cheered by a Canadian decision to provide a force of battalion strength. This force, the Canadian government said, would have its own Canadian air transport and would be accompanied by supporting units for supply, medical service and the like. Canada also arranged to send the aircraft carrier "Magnificent" to serve as a floating base for its contingent.

Eisenhower sent an urgent message to Israeli Premier Ben-Gurion asking him to abide by the United Nations cease-fire resolution and withdraw Israel's forces from Egypt's Sinai peninsula.

Obstacles Created

Earlier in the day Ben-Gurion had announced that Israel was not prepared to let foreign forces take over the territory it held. This created a serious obstacle in the way of carrying out the UN plan.

It appeared that the United States and Russia were locked in a race with time—the one aiming to pacify the Middle East, the other, in Washington's view seeking to make capital out of prolonging a bad situation.

Some officials here speculate that if Egyptian President Gamal Abdel Nasser believes he can get Soviet help in time and with sufficient force he will try to frustrate the UN plan. But if he fears the danger of too deep an involvement with the Soviets or feels that Egypt's interests would be safeguarded by the UN, he may choose to cooperate.

Jewish Council

Temple Emanuel on Sunday at 8:30 p. m."

The committee includes Arthur B. Ewig, chairman, Rabbi Herbert I. Bloom, Aaron Klein, Mrs. Leone Gross, Benjamin Schecter and Sol J. Silverman, executive director of the council.

Council Statement

The council issued the following statement:

"As a group of representative American Jews of the Kingston area, we join with our fellow Jews and with Americans of all faiths in the earnest hope for a just, speedy and equitable settlement of the present world problems, and in particular, the eastern European and Middle East crisis.

"Freedom loving men and women everywhere are horrified by the bloodshed and carnage of the Communist dictatorship. The Kremlin has succeeded in penetrating the Middle East, and by its duplicity and the supplying of armaments has encouraged Egypt's Nasser and the Arab world to do battle against democracy.

"The constant harassment of Israel by the Arabs endangering Israel's survival, together with the seizure of the Suez Canal, has created the present tensions and imperilled world peace."

Douglas Shows Up

Washington, Nov. 8 (AP)—Supreme Court Justice William O. Douglas showed up at the Russian October revolution party last night. He said he did not know all top administration officials and most western diplomats had decided to boycott it. Douglas, arriving late with his wife, stood out among the crowd of some 500 who attended the gathering at the Soviet embassy. He answered "no" when asked by a reporter if he knew the party was being boycotted by most western governments. Somewhat taken aback, he added: "I came only because, as you know, I wrote a book about Russia."

ADD SOVIET HEADACHES — The anti-Kremlin spirit, sparked by Poland and Hungary, is bedeviling Moscow's stooges in Italy, too. These posters in Rome urge Italian Communists to break away from Russian domination. One displays portraits of Hungarian officials beneath a sign reading "Long Live Liberty." Others depict a worker severing roots marked Poland, Hungary, Czechoslovakia, Romania and Bulgaria from a tree symbolizing the Soviet Union. Caption reads, "Italian Communists break your chains with Moscow as well."

Democrats Eye

he was gratified by the size of his vote "in view of the tremendous Eisenhower vote."

The President polled 4,318,104 votes; Javits 3,700,273 and Wagner 3,256,898.

Wagner said that "nobody likes to lose" and that his late father, Sen. Robert F. Wagner Sr., had said often that "they never pay off on second place."

Javits also said that he "wasn't kidding" when he pledged to support President Eisenhower's program of "modern Republicanism" in health, education and civil rights.

During the campaign, Democrats held that Javits would fail the cause of Civil Rights by not being in his senate seat on opening day. They said that would be his only chance to vote on rules affecting filibusters, a traditional anti-civil rights weapon.

Javits answered that any move to change existing rules would be debated for months. He said a motion to change the rules could be made at any time.

Javits was the only Republican elected statewide in 1954, when the Harriman administration was chosen. He said in the recent campaign that the voters had selected him as "a watch dog."

Javits said he would turn over the office of attorney-general only to "another watch-dog."

He said Harriman had been critical of his plan to keep the attorney-general's post until Jan. 9 because the governor wanted "some patronage he's not entitled to."

Reds Call Ike Man of Peace

London, Nov. 8 (AP)—In messages of congratulation, Soviet Premier Nikolai Bulganin and President Klementi Y. Voroshilov today praised President Eisenhower as a man of peace.

The tributes, on the occasion of President Eisenhower's re-election, were broadcast by Moscow radio. Bulganin said in his telegram:

"You are known to us as a great statesman and leader of the U. S. A. who is striving for the relaxation of international tension and the establishment of peaceful and fruitful relations between all states and nations, as well as the establishment of such relations between our countries.

"We were and are supporters of the most fruitful and friendly relations between our nations and our states.

"We sincerely wish you, Mr. President, the greatest successes in your activities. We wish you strength and good health."

Voroshilov's message read:

"Esteemed Mr. President, in connection with your re-election to the office of the President of the U. S. A., I beg you to accept my sincere congratulations and best wishes in your highly responsible activities for the benefit of the great American people."

Hoad Forced Out

Sydney, Nov. 8 (AP)— Lewis Hoad, Australian tennis great, was forced to withdraw from the New South Wales championships today because of injury to a muscle in his right forearm. When he was forced to quit, Hoad was leading Ross Sherriff of Adelaide, two sets to one in a first round match. The match had been postponed yesterday in hopes the rest would give Hoad time to recover. The injury has troubled him for some time and was believed in part responsible for his defeat in the final of the recent Queensland championship by Ashley Cooper.

Severe Cold Chills Mid-U. S.

By The Associated Press

The season's most severe and extensive blast of cold chilled much of the nation's midsection today.

The mercury plummeted to 16 degrees below zero in Frazer, Colo., and near the zero mark in Douglas and Laramie, Wyo. Readings in the teens dipped as far south as Kansas and New Mexico. Freezing weather nipped the Texas panhandle.

Blustery north and northwest winds spread snow flurries southward through the Mississippi Valley and into Missouri and eastward across the Great Lakes.

The sudden chill ended a long spell of mild weather in many places.

Unexpected Visitor

Roanoke, Va.—An unexpected "visitor" dropped in on Mr. and Mrs. George J. Buchanan Jr. It was an oil truck loaded with 600 gallons of fuel oil. While the truck driver, was knocking on a door across the street, the truck drifted down a hill and overturned in the Buchanans' front yard.

Ballots Recounted

Providence, R. I., Nov. 8 (AP)—Election officials today began a recount of ballots cast in the tight gubernatorial race in which Gov. Dennis J. Roberts (D) leads Republican Christopher Del Sesto by a mere 190 votes. Roberts polled 190,227 and Del Sesto 190,037. For a while Del Sesto was accorded a 267-vote lead until the unofficial tabulation was revised. Even after the recount, the gubernatorial election is expected to be undecided until 11,000 absentee ballots are counted.

Reports Attack

Beirut, Lebanon, Nov. 8 (AP)—Radio Damascus announced today Yemenite tribes had attacked a British military post on the frontier between Yemen and the Aden protectorates. The broadcast said the post was on a hill controlling the main route between Yemen and Aden. The broadcast said the attack occurred yesterday, the same day the Damascus station had reported anti-British disturbances in other parts of southwest Arabia.

Service, Dance Mark Veteran's Day Here Monday

The Kingston Veterans' Association has nearly completed plans for the observance of Veterans Day, Monday, Nov. 12. This takes the place of the former observance of Armistice Day and is dedicated to the remembrance and honor of veterans of all wars with special emphasis on honoring the memory of those who made the supreme sacrifice in the defense of this country. The observance would usually be held Nov. 11 but because this date falls on Sunday, will be held on the 12th

At 11 a. m. Monday the fire alarm will sound 11-11-11, traffic will be asked to stop while buglers stationed at various points throughout the city will sound taps. These buglers, obtained through the Kingston High School band, will be in charge of John R. Mayone of the Marine Corps League. Also at 11 a. m. WKNY and WSKN will observe one minute of tribute with the playing of taps or other appropriate music.

In the evening, from 9 to 12 there will be a dance and entertainment at Kingston Municipal Auditorium. During this time a memorial service will be observed with the massing of colors of all the member organizations of the Kingston Veterans Association.

The music for this dance is being furnished through Local 215 Musicians Union and will feature a 14-piece orchestra.

The public is urged to be present at the auditorium so that Kingston may properly pay just honor to the men and women who served their country in all its wars. There will be no charge.

Participating organizations who are members of the Kingston Veterans' Association are, Tappen Camp Spanish War Veterans, Veterans of Foreign Wars, Company M Association, American Legion, Marine Corps League, Catholic War Veterans and fans of Union Veterans.

Red Quarters Picketed

New York, Nov. 8 (AP)—A menacing crowd of 3,000 surged toward the headquarters of the Russian United Nations delegation on plush Park avenue last night as the Red elite within downed champagne and vodka toasts to the 39th anniversary of the Bolshevik revolution. A force of about 150 police — some of them mounted — barred the shouting pickets from the entrance. Many in the crowd were of Hungarian descent. Numerous students of several colleges joined the demonstration.

Introducing New U.S. Senators

(Editor's note: The following is the first of a series on new senators chosen in Tuesday's election):

New York, Nov. 8 (AP)—To a Manhattan politician, being born on the lower east side is the big city equivalent of being born in a log cabin. It typifies the American tradition of a gallant rise from a modest beginning.

Jacob Koppel Javits, 52, New York's new senator-elect, has just such a politically classic background. He defeated Democrat Mayor Robert F. Wagner Tuesday by 450,000 votes.

Educated in N. Y.

Javits, whom everyone calls "Jack," was educated in New York's public schools. He went to Columbia University night school and New York University law school. He was admitted to law practice in 1927.

During World War 2, Javits was assistant to the chief of operations of the Chemical Warfare Service in the European and Pacific theaters. He came out a lieutenant colonel.

As a Republican with Liberal party backing, Javits was elected to the first of four terms in Congress in 1946.

In 1951 he reluctantly ran on the GOP ticket for president of the New York City Council and lost. In 1953 he sought coalition backing for mayor but didn't get it.

Only GOP Victor

In 1954, Javits was the only Republican to win on a statewide ticket. He defeated Franklin D. Roosevelt Jr. for Attorney General by 176,000 votes.

Before tackling Wagner— another of New York's famous sons of a famous father — Javits cleared himself of rumors that he dealt with Communists when he first ran for Congress.

Wagner, whose father was a noted New Deal senator, did not question Javits loyality throughout the campaign.

Booed for Stand

Javits is Jewish. Wagner is a Roman Catholic. Yet it was Wagner who strongly espoused the cause of Israel in the closing days of the campaign. Javits stood with the Eisenhower administration's opposition to the Israeli march into Egypt. For that he was booed several times —which he said he found hard to take.

Javits, short and bald succeeds Sen. Herbert H. Lehman, a Democrat, who in retiring attempted to hand-pick Wagner as his successor.

The new senator, married to an attractive dark-haired woman 20 years his junior, has three children, a son, Joshua, 6, and two daughters, Joy, 8, and Carla 1.

Texas May Have Some Bearing on Control of Senate

Dallas, Nov. 8 (AP)—Texas may get its oar into the business about who controls the new Senate.

The possibility stems from the fact Sen. Price Daniel was elected governor of Texas Tuesday.

He already has offered his resignation from the Senate, effective as of his scheduled inauguration as governor Jan. 15 or as soon as a successor is elected.

Included in Count

Daniel is a Democrat of course and is included in the nose counting by which the Democrats apparently will control the next Senate—49-47.

Thad Hutcheson of Houston, so far the only announced Republican candidate for Daniel's seat, points out if he's elected the count would change to 48-48.

In this event, Vice President Nixon could vote to break the tie and the Republicans would organize the Senate.

Now that traditionally Democratic Texas has gone for President Eisenhower twice in a row everyone is waiting for Gov. Allan Shivers to start the machinery for naming Daniel's successor.

Although a Democrat, Shivers twice has piloted Texas into the Eisenhower camp.

No Decision Yet

Shivers hasn't acted yet on Daniel's resignation.

Daniel suggested an election be called soon enough so his successor could be named before the new session of Congress starts January 3.

Shivers said he doubted the special election could be called before Jan. 15. At any rate, he decided to wait until after the general election. Since Tuesday he hasn't made a move.

Beauty Rates High

Mexico City (AP) — Beauty doesn't rate far behind health in Mexico. The Health Ministry said 47,360 types of medicines, curatives and insecticides are registered, compared with 26,891 beauty products.

Chevrolet Goes On Overtime Starting Saturday

Detroit, Nov. 8 (AP)—Chevrolet Motor Division announced today its 10 passenger car assembly plants across the nation will go on an overtime production schedule effective Saturday.

At the same time, Fisher Body Division announced that 10 of its division plants located alongside the Chevrolet assembly units also will go on a six-day work week, effective immediately.

The Chrevolet and Fisher Body plants involved are located at Atlanta, Ga.; Baltimore; Flint, Mich.; Janesville, Wis.; Kansas City and St. Louis, Mo.; Los Angeles and Oakland, Calif.; Norwood, Ohio, and Tarrytown, N. Y.

Edward N. Cole, general manager of Chevrolet, said the division's 20 manufacturing plants which supply parts and sub-assemblies for the assembly units will be working on an overtime schedule. He said the overtime program was necessary because of increasing demand for 1957 model cars.

MR. AND MRS. THERON SNYDER
(Tom Reynolds photo)

Miss Dorothy Marie Norris, daughter of Mr. and Mrs. James L. Norris of New Salem, became the bride of Theron William Snyder, son of Mr. and Mrs. Albert I. Snyder of 83 Gage street, Sunday, Oct. 28 at 2 p. m. at the Franklin Street AME Zion Church.

The Rev. Horace C. Walser officiated at the double ring ceremony.

Edna Marable was at the organ and Dorothy Marable sang "Because" and "O, Promise Me."

Chrysanthemums decorated the church for the occasion.

The bride was given in marriage by her father. She wore a scalloped lace gown with Peter Pan collar edged with seed pearls, lace over satin scalloped hemline in ballerina length. Her fingertip imported illusion veil with double circlet hat of iridescent braid was trimmed with pearls. The bride carried a nosegay of white pompons.

Mrs. Cornelia Garnes was the matron of honor. She wore a turquoise ballerina length gown of net and lace styled with a lace bodice. A matching bolero jacket was also worn and her hat matched the gown. The matron of honor carried a nosegay of pink pompons.

Moses Harrell was the best man while serving as ushers were Norman Cody and Albert Tate.

A reception was held at Maennerchor Hall for approximately 150 guests.

Mrs. Snyder is a graduate of Kingston High School and is employed by the Kingston Knitting Mills.

Her husband is a graduate of Kingston High School and is employed by the Barclay Sportswear Company. He served three years with the air force, paratrooper division.

The couple plan to make their future home at 67 Van Buren street.

MEETING NEW FRIENDS

"I've just been given a job in a big city where I know very few people. Naturally I'd like to meet some nice girls (and men) my own age. One possibility may be through an older woman I met a few weeks ago who has two attractive daughters. She said at that meeting, "Come and see us somtime" but nothing more definite. On this flimsy pretext would it be proper to go and if it wouldn't be considered presumptuous on my part, then what steps do I take?"

I think it might be well to telephone first. Tell her, "This is John Young, I met you at Mrs. Smith's house and you said I might come to see you sometime." If she remembers you and she names a time for you to come, or asks when you are free to come, then, of course, you may go. However, if she doesn't, I'm afraid you will have to consider this door closed—at least for the present.

Father's Clothes

Dear Mrs. Post: My daughter is going to be married at a morning wedding sometime this fall. The men in the weding party are going to wear the conventional striped trousers and cutaway coats. My husband is making a big fuss about wearing these clothes and wants to wear a plain dark blue business suit. Will you please tell me if this would be proper, or must he dress as the other men.

Answer—Correctly he should be dressed in a cutaway as the other men. But if his suit is very dark and he does not mind being as well dressed as the others it will be quite all right.

Introducing Daughter's In-Laws

Dear Mrs. Post: My daughter's future in-laws, who live in another city, are coming here several days before the wedding. They are complete strangers to me and I would like to know what my obligations are toward them. Is it necessary that I give a party to introduce them to my friends and relatives?

Answer: Yes, very definitely you should. It need not be very elaborate.

* * *

How should the olive or cherry in a cocktail be eaten? This and many other questions on table manners are answered in Mrs. Post's leaflet E-16, "Table Rules of Importance." Mrs. Post is sorry she cannot answer personal mail. To obtain a copy, send 10 cents in coin to Dept. EP, care of The Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y.

Engaged to Gov. Meyner

Oberlin, Ohio, Nov. 8 (AP)—The parents of Helen Day Stevenson, daughter of a college president, today announced her engagement to Gov. Robert B. Meyner of New Jersey. The names of the attractive, 28-year-old brunette and the handsome 48-year-old Democratic governor have been linked romantically for months. Her father, William E. Stevenson, president of Oberlin College, said they plan to wed in January.

Clausen - Mazzuca Nuptials Are Held

MRS. RALPH MAZZUCA
(Pennington photo)

On Sunday, Oct. 21, at 2 p. m. in St. Joseph's Church, Miss Eleanor Ann Clausen, daughter of Mr. and Mrs. Hans William Clausen of Linderman avenue extension, exchanged vows with Alfred Ralph Mazzuca, son of Mrs. Mary Mazzuca of 65 Hutton street and the late John Mazzuca.

Officiating at the double ring ceremony was the Rev. James V. Keating.

White gladioli decorated the church for the occasion.

The bride was given in marriage by her father. She wore a gown of rose point lace fashioned with a fitted bodice, long tapered sleeves and a Sabrina neckline embroidered in iridescent sequins. The bouffant skirt of lace and nylon tulle was floor length. She wore a bridal cap of shirred tulle to which was attached the chapel length French illusion veil. The bride carried a white rose bouquet.

Miss Karin Clausen, the bride's sister, was the maid of honor. She wore a nile green nylon crystallette gown and carried a bouquet of pink roses.

John Mazzuca, brother of the bridegroom, was the best man and serving as ushers were Norman Clausen, brother of the bride and Charles Hoehing, brother-in-law of the bridegroom.

A reception was given at the Alpine for approximately 110 guests.

The bride is a graduate of Kingston High School and the Kingston Hospital School of Nursing. She is a member of the nursing staff in the operating room at the Kingston Hospital.

The bridegroom attended Kingston schools and served in the army. He is the proprietor of Mazzuca's Esso Station on Clinton avenue.

For her wedding trip to Washington, D. C., the bride chose a navy blue suit with yellow accessories.

The couple will reside at 115 Washington avenue when they return.

Coach House Play Lauded Here; Repeat Performance Tonight

"Ladies In Retirement" a comedy-melodrama with a long run on Broadway to its credit, delighted local first-nighters here Wednesday when Coach House Players staged its skillful interpretation at the George Washington School.

The show, which was given three curtain calls by an attentive and appreciative audience, will have a second performance tonight. Tickets can be purchased at the boxoffice prior to an 8:30 p. m. curtain.

The plot, alternating suspence and chuckles, concerns the efforts of Ellen Creed to obtain security for her two simple-minded maiden sisters. The solution she finally decides upon involves murder. Sarah Mulligan as Ellen plays the role to perfection.

Harold Person, the only male in the cast, does a highly competent and professional job as Albert, a nephew. He enters the story to upset the applecart for Ellen and her sisters.

Bird-like, childish Louisa Creed and her slightly paranoid sister, Emily, are the cause for their sister Ellen's concern. Ann Balk as Louisa is at times hilarious, pathetic and loveable as a timid simpleton. Joan Hansen as Emily is to be given much credit for adeptly stepping into the role with only a week's notice.

A newcomer to Coach House Players, Lee Freeman, does admirably as Leonora, Ellen's earthy, good-natured employer who meets an untimely demise. Others in the fine cast were Patricia Shaw and Mary Rose Dempsey.

The production, which moves along smoothly until an exciting, climatic third act, is inestimably enhanced by excellently conceived and executed lighting plus an unusually fine set.

Houston Richards, the director, deserves plaudits also for his smooth staging and the appropriate costuming. The crew in charge of make-up rates applanse for transforming a number of young, attractive women into believably aged spinsters.

Proceeds from the play will benefit Coach House Players scholarship fund.

Personal Notes

Mr. and Mrs. Jacob Kreppel of 44 Abruyn street celebrated their 46th wedding anniversary recently at a dinner given in their honor by Mr. and Mrs. Jack Epstein of 124 South Manor avenue.

Mr. and Mrs. Jack Blinder of 68 Broadway are celebrating their 20th anniversary today.

MRS. RICHARD BRASHEAR
(Photo Workshop)

Miss Evelyn Fiore Weds Richard Brashear

Miss Evelyn Marie Fiore, daughter of Mr. and Mrs. Francis J. Fiore of Eddyville, became the bride of Richard H. Brashear Jr., son of Mr. and Mrs. Richard H. Brashear of New Scotland, Sunday, Nov. 4, 2 p. m. at St. Mary's Church.

The Rev. Francis X. Toner officiated at the double ring ceremony.

Theodore Riccobono was at the organ and Angelo Carrado sang several selections.

Vases of white gladioli decorated the church for the occasion.

The bride was given in marriage by her father. She wore a slipper satin gown styled with a basque bodice, cowl collar and long pointed sleeves. Her bouffant triple tiered skirt of nylon tulle over bridal satin terminated in a circular train. A plateau type headpiece of bridal rose point lace embellished with seed pearls and iridescent paillettes secured the fingertip French illusion veil. The bride carried a satin covered prayer book trimmed with small orchids and lily of the valley.

Mrs. James C. Martin of Eddyville, the bride's sister, was the matron of honor. She wore a gown of turquoise nylon net with a molded bouffant floor length skirt. A pleated cummerbund of taffeta encircled the waist and extended down the back in flowing streamers. She also wore a matching headpiece which secured a circular tulle veil and carried an arm bouquet of pink roses.

Serving as bridesmaids were Arlene Holmes and Phyllis Peters. Their gowns were identical to that of the honor attendant except in rose coral. They carried arm bouquets of pale pink roses.

John Hourigan of Boston, Mass., was the best man. Ushers included James Rarick of Long Island and Robert J. Armstrong of Troy.

Mrs. Brashear is a graduate of Kingston High School and attended Union University School of Nursing in Albany. She is a graduate of College of St. Rose, Albany and was engaged in industrial nursing at IBM in Kingston.

The bridegroom is a graduate of the University of Vermont and holds a BA in physics. He is research physicist in missile control systems for Sperry Gyroscope Company. He is also a member of Alpha Tau Omega fraternity.

For her wedding trip, the bride chose a tailored black wool dress with white accessories and a corsage of white orchids.

The couple will make their future home in New York city.

Pre-School P-TA Is Slated to Meet

A pre-school section of the West Hurley P-TA will be started Tuesday, November 13, at a meeting at the West Hurley School at 8 p. m.

A pre-school section is a group of parents of young children gathered together to help themselves and each other to be better parents and to solve their problems through discussion. The group holds meetings and plans its own programs based on the expressed needs and interests of its members. Parents have many questions, problems and anxieties during these early years and this is a period when they most often seek help. Through discussions with other parents they gain a better understanding of the basic needs of their children and how to meet them at the different stages of growth. They are eager to talk about the "why's" of child behavior and to learn how to build good parent-child relationship.

For the first meeting Mrs. Adam Paffenroth of Montgomery, P-TA district chairman of the pre-school service will attend to help organize the group, to give information on available material and stimulate thoughts concerning the pre-school child.

Parents of pre-school children in Districts 4, 5, 8 will be contacted by telephone or mail. Everyone is welcome and any further information may be obtained by contacting the chairman, Mrs. Jerome Kemmerer of West Hurley.

Swiss Quits Olympics

Olten, Switzerland, Nov. 8 (AP) —Switzerland withdrew today from the 1956 Olympic games scheduled to open Nov. 22 in Melbourne. This was the sixth country to withdraw from the war-troubled games. Holland, Spain, Red China and Iraq previously pulled out. Egypt withdrew in August, long before the present war tensions flared into the open, because it had no athletes of Olympic caliber.

Would Bar Elvis

Syracuse, N. Y., Nov. 8 (AP)— About 30 Syracuse housewives are circulating petitions asking that Elvis Presley be barred from television. The petitions say that the singer engages in "physical contortions" that are "vulgar, suggestive and disgusting."

FELICIA SANDERS

SINGS AT AHAVATH ISRAEL BALL—Columbia Recording singing star Miss Felicia Sanders, whose record "Song From Moulin Rouge," swept her to the top as a new singing star, will appear at the 20th annual stage show and ball of Congregation Ahavath Israel Wednesday night, Thanksgiving Eve, at municipal auditorium.

Columbia Singing Star Reached Top With 'Moulin' Disc

Lovely Felicia Sanders, whose Columbia Record "Song From Moulin Rouge," skyrocketed her to the top in the singing field, has been signed to appear as one of the guests during the 20th annual stage show and ball sponsored by Congregation Ahavath Israel on Wednesday night, Thanksgiving Eve, at municipal auditorium.

Miss Sanders, with her record hit passing the magic million sales mark, became a recording star over night and has been singing in the top night clubs throughout the country ever since.

Her appearance in Kingston was announced by Benjamin Schecter, chairman of the ball this year and Herman G. Rafalowsky, honorary chairman.

"We're both thrilled," Mr. Schecter said today "in being able to present this tremendous singer to the patrons of our annual holiday eve programs and we are sure she'll prove as popular in Kingston as she has throughout the nation."

Meanwhile, the Ahavath Ball committee is continuing to secure top names for this year's show. "We already have several other big names ready for publication," the chairman and honorary leader said.

John S. Wilson, writing in The New York Times, said of Miss Sanders:

"The polite and sophisticated breaking of hearts, heard regularly in the 'intimate' night clubs across the country, is turning up with increasing frequency on recordings. This is risky business, for the art of the singers who inhabit these clubs is a delicate thing, often based more on personality than voice. One of the most successful transfers to disks has been made by Felicia Sanders. She is a singer of strength, assurance, imagination and a variety that may not be infinite, but is reasonably close to that. Her voice, taste and intelligent showmanship are a rare and welcome combination."

Meeting of Women's Clubs Is Held

The Women's Clubs of Ulster county affiliated with the New York State Federation of Women's Clubs, held their fall meeting at the First Presbyterian Church of Kingston on Nov. 2, with Mrs. William J. McVey, county chairman, presiding. A luncheon was served in Ramsey Hall by the World Friendship Circle.

The invocation was given by the Rev. William J. McVey, after which Mrs. Maynard Mizel led the pledge to the flag. Mrs. H. P. Van Wagenen, president of the hostess club, Sorosis, presented greetings, taking as her theme "Your presence makes us rich."

Music for the afternoon was furnished by Miss Edna Merrihew, church organist, who played two organ solos. Richard Bunting, tenor, sang.

Club reports were presented by the following: Mrs. William Markle for Sorosis; Mrs. Arthur Monell for Twentieth Century; Mrs. Gene Van Winkle for the Rosendale Women's Club; and Mrs. Henry Knaust for Saugerties Monday Club.

Mrs. DeWitt Wells, Twentieth Century Club of Kingston, was unanimously elected Chairman for Ulster county for 1956-1958, to succeed Mrs. McVey.

The speaker of the afternoon, Harry Rigby Jr., spoke to the group on "Educational Challenges in our Community," tracing the history of education in Ulster County from its early beginnings some 300 years ago. He stated that the Dutch were eager for educational advantages for their children, and at first imported their school teachers, but even at the beginning of the 17th century there were no public schools. Mr. Rigby went on to say that Kingston Academy, which was built on what is now known as Academy Green, was opened in 1773. Many of its graduates became influential men both locally and nationally. Not until 1809, however, were young women admitted to secondary education. Three young ladies were the first permitted to attend classes, but only in the evening. Mr. Rigby suggested that since advanced education has become increasingly necessary for our young people, and since the cost of college training has increased tremendously over a period of years, one solution might be in the building of a liberal arts college in Ulster County. This matter has been discussed from time to time over the past 150 years, and a tract of land was even offered for the purpose at one time. Mr. Rigby concluded his address by saying that perhaps some day the women of the county may bring such an event to fruition in the interest of their children and grandchildren.

Mrs. Arthur C. McHugh of Delmar, chairman of the third district of the State Federation, and Mrs. Clarence Lansing, corresponding secretary, also were present. Mrs. McHugh reviewed the resolutions which are to be discussed and voted on at the State Convention to be held in Binghamton the week of Nov. 12. Delegates will be attending the convention from the Monday Club, Saugerties, Twentieth Century Club, Kingston, and Sorosis of Kingston.

Clothes that are ready now in New York's current resort and cruise collections give us a hint of what we'll be wearing next summer. The slim sheath with pegged skirt (left) is in silk linen, has softly bloused back. Self-bandings at waist and neckline tie in bows. Silk print (center) has yellow and green flowers on a white background with knife-pleated skirt propped by its own petticoat. There's a moulded bodice with wide decollete and a sash edged in pale green chiffon. High-waisted coat dress (right) of lilac linen has bodice gathered into self-banding just beneath the bosom. Front closing has hidden zipper placket. The skirt is slim. The line is a gently rounded and feminine one in all of these Larry Aldrich designs.

Schedule Jehovah Witnesses Group Three Day Parley

A film depicting the ministerial work and assemblies of Jehovah's witnesses will be a feature of the three day Christian assembly to be held in Municipal Auditorium November 16, 17 and 18.

The hour-long film will be partially in color and will sweep around the globe in covering the activity of the witnesses.

"We enjoyed the film, The New World Society in Action, and we are looking forward to seeing this new one at the Kingston Circuit Assembly," said Walter Carter, instructor for the local congregation's theocratic ministry school.

Film Well Received

The film, "The New World Society in Action," has been favorably received throughout the world, with the attendance running into the millions. Witness officials expect that the new film will be just as popular, he said.

Kingston congregation will be one of 22 congregations assembling in this city from parts of four states. The 22 congregations make up New York Circuit 5 of Jehovah's witnesses.

Assembly sessions will be composed of skits, pantomimes, demonstrations and discourses all designed to increase Bible knowledge and preaching efficiency.

A. A. Catanzarro, district representative from world headquarters of the Watchtower Bible and Tract Society in Brooklyn, New York will deliver the widely advertised Bible lecture, "What Will Armageddon Mean For You?" Mr. Catanzarro is an ordained minister and is assigned to special service among the congregations on the Atlantic seaboard. The lecture will be heard Sunday afternoon November 18 at 3 p. m. and will be tape recorded so that any unable to attend the lecture can hear it. All sessions of the assembly will be open to the public.

Burns Reaches Cairo

Cairo, Egypt, Nov. 8 (AP) — Maj. Gen. Edson Burns of Canada arrived in Cairo aboard a United Nations plane today to make preparations for taking over command of an international force to police the Middle East battle area. Gen. Burns has been the chief UN truce supervisor in Palestine. Burns' plane, operated by an American crew, was the first to land at Cairo's International Airport since Israeli forces attacked the Egyptian frontier Oct. 29. The Canadian general was accompanied by Maj. Eric Hertman of Sweden. He declined to make any statement. He will meet with Egyptian Foreign Minister Mahmoud Fawzi later.

Miss Freda Boice Has Home Wedding

MRS. MELFORD AUGUSTUS STROKES JR.
(Sterling photo)

Miss Freda Boice, daughter of Mr. and Mrs. George W. Boice Sr., of Sawkill road, became the bride of Melford Augustus Strokes Jr., son of Mr. and Mrs. Melford A. Strokes Sr., of 59 Emerick street, Sunday, Nov. 4, at the home of the bride's parents.

Officiating at the double ring ceremony was the Rev. Arthur E. Oudemool of the Old Dutch Church.

The bride was given in marriage by her father. She wore a full length white slipper satin gown trimmed with Duchess lace and seed pearls. The gown also featured long tapered sleeves. The bride's fingertip veil was of French illusion and was gathered to a queen's crown of lace and seed pearls. She carried a bouquet of white roses.

Miss Julette Yaple of 20 Joys Lane was the maid of honor. She wore a yellow nylon tulle gown fashioned with an Empire bodice and peplum of imported lace over taffeta. The bouffant skirt was floor length and she wore a matching capelet and tulle half hat. The maid of honor carried a bouquet of yellow roses and green mums.

Charles Boice, brother of the bride, was the best man. Ushers were Philip Boice and Paul Boice, also brothers of the bride.

A reception was held at the home immediately following the ceremony.

Mrs. Strokes Jr., is a graduate of Kingston High School and Kingston Hospital School of Nursing. She is on the staff of Kingston Hospital.

The bridegroom is a graduate of Kingston High School and served two years with the army. He is now employed by Thomsons Laundry as a driver.

The couple will reside on the Sawkill road when they return from a wedding trip through the Southern states.

Dr. H. L. Bibby Traces History Of CP Center

The progress of the Ulster County Cerebral Palsy Center since its inception in 1951 was outlined by Dr. Henry L. Bibby, president, at the monthly meeting of the Cerebral Palsy Mother's Club held Monday evening.

Tracing the origin of CP clinics, Dr. Bibby said United Cerebral Palsy was organized seven years ago, and that as little as 10 years ago not much was known about cerebral palsy or its treatment.

Clinics Started.

Clinics and centers were started by parents who wanted something done for the "forgotten children" as cerebral palsied children were then called, Dr. Bibby said.

He said the first campaign for funds was held in Kingston in 1949 and 1950. In December 1951 the tumor clinic at 400 Broadway opened the second floor of a cerebral palsy center, Dr. Bibby said.

Mrs. Charlotte Peck, director, at that time handled therapy, scheduling, paper work and myriad details. In March 1952, the first physical therapist, Miss Phyllis Bulgatz, arrived at the clinic. Later there was a speech therapist and now a dental clinic is maintained at the center.

Other Cases Treated

Dr. Bibby said an occupational therapist is still needed. The center is open not only to CP cases, he said, but to children with speech difficulties, hearing defects, polio, muscular dystrophy and the blind, he said.

He indicated that approximately 125 children are now receiving treatment at the center.

Dr. Bibby also called attention to the fifth anniversary dinner of the clinic which will be held Thursday, Dec. 6 at the Governor Clinton Hotel. The speaker will be Dr. Glidden Brooks of New York city.

Hostesses for the Monday meeting were Mrs. Timothy Doyle and Mrs. Edmund Musialkiewicz.

Broome Votes Sales Tax

Binghamton, N. Y., Nov. 8 (AP) —The Broome County Board of Supervisors today adopted a two per cent, countrywide sales tax on retail goods. It will go into effect March 1. Thirteen supervisors from the city of Binghamton joined three representatives from the town to put the controversial proposal across. Thirteen supervisors from outlying districts of the county opposed it. The board, by a vote of 18-11, also enacted a compensating use tax establishing a two per cent sales tax on retail items purchased by Broome county residents outside the county..

Frayed Issues

may be the size of his own election victory.

Eisenhower already has bid for renewed bipartisan support in the tense international situation by calling top congressional leaders to the White House tomorrow for a briefing on the historic events in eastern Europe and the Middle East.

With the Democrats holding majorities in the Senate and the House, they are in a position to name the committee chairmen and to fill other leadership posts in the new Congress that will convene Jan. 3.

With six races still undecided, the Democrats had a 229-200 margin over the Republicans in the House of Representatives, safely above the 218 needed for a majority.

The Senate was much closer, with the Democrats leading 49-46 in the decided contests and the Republican candidate leading in the one race still open.

Continuing a see-saw battle, Republican Thruston B. Morton held a 2,643-vote edge over Sen. Earle C. Clements of Kentucky, the assistant Democratic leader in the present Senate. Returns from 257 precincts remained to be tabulated.

A Clements victory would assure the Democrats Senate control. A victory by Morton would continue the Senate's present 49-47 Democratic majority but conceivably could give the Republicans the power to organize the Senate.

This is because Sen.-elect Frank J. Lausche of Ohio, a Democrat noted for independent ways, indicated last June that if elected, he might vote with the Republicans under certain circumstances in the organization of the Senate. He has not clarified his present stand, but said yesterday he was "American first and Democrat second."

His vote could be crucial, since Vice President Nixon could break a 48-48 tie vote and turn the Senate reins over to the Republicans.

Another factor complicating the struggle for control of the Senate is that Sen. Price Daniel, Texas Democrat, has been elected governor of his state and has submitted his resignation as of Jan. 15 or at such prior time as a successor is elected.

So far Texas Gov. Allan Shivers has not called a special election to replace Daniel. But half a dozen Democrats have indicated they will enter the race when he does, and Republicans are hopeful of picking up Daniel's seat by getting behind a single GOP candidate. A clear majority would not be needed in the special election. The winner would be the man with the largest number of votes.

Repairing of

Egypt, Jordan is reported to have been reinforced by Syrian, Iraqi and Saudi Arabian troops —an action which Premier David Ben-Gurion at one time said would cause Israel to reserve "freedom of action."

Since the fighting with Egypt started Israel has taken little apparent notice of the troop movements in Jordan, however. Israeli Army sources said today they believed the attacks from Jordan were made by Arab commandos who had escaped from the Israeli-occupied Gaza strip formerly held by Egypt.

Lending uneasiness to the cease-fire in the main theater in the Suez Canal zone, Sheikh Hassan Maamoum, grand mufti of Egypt, today exhorted Moslems the world over to fight Britain, France and Israel as a "sacred duty." He did not specifically proclaim a holy war.

Planes Called Home

But the British appeared to think full-scale military operations would not be resumed. The air ministry disclosed that some British warplanes—including the Valiant four-jet bombers—had been called home from the Middle East. It was a Valiant which was used to drop an atom bomb in a test in Australia last month.

Powerful units of the U. S. Navy, including the big carriers Forrestal and Franklin D. Roosevelt, put out into the Atlantic on readiness tests, and American commanders everywhere were alerted to take precautionary defense measures. U. S. armed services spokesmen said they did not want the United States to be caught flat-footed in another Pearl Harbor.

The United Nations was still faced with hard snags in its efforts to set up an international police force in the canal area.

Britain and France flatly refused to pull out of the canal zone until the UN police force took over the area. Israeli Premier David Ben-Gurion said his government would not agree to any foreign force being stationed in Israel or on any territory it had occupied. Egypt demanded immediate withdrawal of the British, French and Israeli troops, a demand endorsed by the UN General Assembly in a resolution last night.

Factory Pay at Record

Washington, Nov. 8 (AP)—The government reported today that earnings of factory workers reached a new record level in October as nationwide employment rose and unemployment declined. Weekly factory earnings rose by 61 cents over the September record to a new mark of $82.01. Hourly pay, having averaged $2 in September, forged ahead to $2.02 in October.

175 Born Here

October Births Reach New High

A record total of 175 births was recorded by the city registrar in October.

This was 33 more than the all-time high of 142 reported last July and is indicative of the general population increase in the area.

October's total was 39 above that of September and 42 above the October, 1955 total.

Births recorded recently were:

Oct. 24—Sandra Faith to Mr. and Mrs. Roger Spencer Jones, 47 Linderman avenue, and Lawrence Robert to Mr. and Mrs. Robert Lawrence Marks, Hardenbergh avenue, Tillson.

Oct. 27—Jane Louise to Mr. and Mrs. Robert Peter Milne, 34 Fairmont avenue.

Oct. 29—Cynthia Marie to Mr. and Mrs. John Joseph Radel, Box 40, Connelly; Barbara Suzanne to Mr. and Mrs. Brooks S. Nash, 45 Mountain View avenue, Hurley; Mary Ann Theresa to Mr. and Mrs. Herman David Daley, 22 Teetsel street, Saugerties, and Jay Clarke to Dr. and Mrs. George Clarke Rifenbary, 78 Mountain View avenue.

Oct. 30—Donna Brunet to Mr. and Mrs. David Baisley Tooker, Mt. Pleasant; Margaret Anne to Mr. and Mrs. Sidney James Ford, Shandaken; Frederick Xavior to Mr. and Mrs. F. X. Turck, Bearsville; Mary Kathryn to Mr. and Mrs. William Eugene Hunter, 2 Pearl street, and Timothy Daniel to Mr. and Mrs. Franklin Wilson Saxton, PO Box 108, RD, Kingston.

Oct. 31—Scott Raymond, 2nd to Mr. aand Mrs. S. R. Hefferman, Box 116, Main street, Lake Katrine; Nicholas Jan to Mr. and Mrs. Richard Dayton Burhans, Route 1, New Paltz; Bonnie Lynn to Mr. and Mrs. Harold Lester Tirsch, 67 Fairmont avenue, and John Howard, Jr., to Mr. and Mrs. J. Increased Public Welfare Costs Reported by Board

Increases in the cost of living, in medical and hospital services, in wages, in equipment and in supplies are responsible for increasing cost of public welfare although the number of persons on public welfare rolls is declining, it was announced today by the New York State Board of Social Welfare.

Public welfare agencies, private welfare agencies and institutions which provide care and services for many public welfare recipients—face the same situations of rising costs that we, as citizens, face in managing our homes and running our businesses, according to Samuel D. Magavern, chairman of the New York State Board.

2,500 Agencies

The board, a policy-making group of 15 citizens appointed by the governor, heads up the State Department of Social Welfare which supervises approximately 2,500 public and private agencies and institutions in the state.

Of approximately 416,000 persons receiving public assistance, 34 per cent are over 65 years of age, totally and permanently disabled, or blind. Approximately 45 per cent are children 17 years of age or younger. The remaining 21 per cent are adults, three-quarters of whom are needed in the home to care for children and the remaining mostly persons who are disabled, sick, or otherwise unable to work.

Other public-charge groups include 33,000 other dependent children in child-caring institutions and foster care homes, 10,500 aged being cared for in public homes and infirmaries, and approximately 400,000 men, women and children who are hospitalized at some time or other during the year.

Electrographic Test Books Given

The Heart Chapter of Ulster County TB and Health Association has presented two volumes of a new electrographic test book to the medical staffs of Benedictine and Kingston Hospitals and the Medical Library of the City of Kingston Laboratory.

The volumes may be used by the doctors for teaching and testing electrocardiographic interpretations. In addition to medical answers to many questions, the book provides supplementary clinical information, X-rays and serial cardiograms.

The book was edited by Travis Winson, MD, and was reviewed by a panel of 35 experts in the field of electrocardiography while being prepared under the direction of the committee on professional education.

The presentation of the test book is part of the program carried on by the Heart Chapter to help the medical profession of Ulster county in their continued effort to keep up with current information in the field of heart disease treatment and prevention.

Veteran AP Writer Dies

Washington, Nov. 8 (AP) — Fred Vanderschmidt, 50, veteran newspaperman and foreign correspondent, died today in Georgetown Hospital after several weeks illness. Death was attributed directly to an intestinal hemorrhage. Much of Vanderschmidt's newspaper career was spent with the Associated Press. He was employed in the Kansas City, Wichita, Oklahoma City and New York bureaus before being assigned to London in time to participate in coverage of the Munich crisis.

Collecting Leaves

The public works department announced today that leaves are now being collected in the 10th and 11th wards. Residents of the wards are asked to have leaves placed near curbs to facilitate collections.

Mental Health

the courts, clergy, community welfare and service groups, and others, have accepted invitations to attend the meeting. Mayor Stang and Alderman-at-Large John J. Schwenk will represent Kingston.

Charles Relyea, Hurley, chairman of the Board of Supervisors, and the committee of five will attend. Peter Williams, town of Saugerties, heads the committee and the other members are Harry Snyder, town of Marbletown; Fred H. DuBois, New Paltz; Christopher Perry, third ward, Kingston and Benjamin Storms, second ward, Kingston.

Includes 28 Agencies

The Ulster County Council of Social Agencies is composed of 28 agencies of professional and lay persons representing the fields of health, welfare, education and recreation. George J. Johnson, of Saugerties, district manager of the Social Security office, is president.

The meeting is to be open to persons interested, and anyone planning to attend the luncheon is asked to contact either Mr. Johnson, or Gerald Shampo, secretary of the Children's Home. Reservations for the luncheon will be accepted up to Nov. 12.

The mental health clinic proposal was introduced at a Board of Supervisors session by means of petitions including a letter from the Ulster County Council of Social Agencies, and the committee was named to consider the proposal.

Chief Van Buren Calls Attention To Hunting Law

Police Chief Raymond Van Buren today called attention to a law which prohibits hunting or the discharge of firearms in the city.

Complaints have been received indicating that persons have been hunting or shooting within the city limits and on the outskirts along boundary lines, the chief said.

This, he stressed, is a dangerous practice, and anyone caught endangering the safety or lives of local residents is subject to arrest and penalty under the law.

The discharge of air riffes as well as other guns and rifles is prohibited and no one is permitted to hunt in such areas as the lowlands off Albany avenue or wooded areas along the outskirts in various sections of the city.

WISE POTATO CHIPS

GRANDMA BROWN the little old lady from Mexico in upstate New York who, at age 63, started a family enterprise that has grown to fabulous success from an original capital investment of $6.20.

Figure Behind Famous Family Success Story

Began Business At 63 With Only $6.20 Capital

The story of Grandma Brown —a little old lady from Upstate New York who converted one of her mother's favorite recipes into a phenomenal business enterprise—is a thrilling success story that is a tribute to the courage and vision of this wonderful woman.

For many years in the small town of Mexico, N. Y., near Lake Ontario, Grandma Brown and her mother were widely known as wonderful bean bakers. Their familiar open pan of beans always were a welcome and regular treat at church suppers and village bazaars.

Depression Hits

Came the depression back in the 30's and Grandma Brown's family, like many others, found itself in difficulties. The family lived in rooms back of the small dress shop that Grandma Brown ran, but even the dress business fell off badly.

Then, at the age of 63, Grandma Brown had an idea that was to snowball into a thriving business. She began baking pans of her delicious beans which she sold to grocery stores in exchange for other food items for her small family. Townsfolk knew the goodness of Grandma Brown's beans quite well from past experience and so the quantities of baked beans she placed with the stores moved rapidly. Then came the idea to sell beans on a larger scale.

Total Capital $6.20

Encouraged by the indomitable spirit of Grandma Brown, the family joined enthusiastically in the project. The business was begun in 1937 with a total capital of $6.20. This sum went for 10 four-pound pans at the dime store and a supply of beans and salt pork. Then the family pitched into work on the old-fashioned oil stove in the back room.

The next move was to place several pans of Grandma Brown's beans in grocery stores in the nearby city of Oswego. But word of these tasty country-styled beans was not abroad in this town, so the grocers took on the beans somewhat reluctanly, agreeing to handle them only on a consignment basis.

Anxious Wait

Back in Mexico, Grandma Brown awaited anxiously the fate of the young venture. On the journey back to Oswego, the family wondered if they'd have beans to strew by the wayside on the way home. But at the stores every pan was empty! The grocers clamored for more, so Grandma Brown went busily back to the oil stove. It was the beginning of a success story of Horatio Alger proportions.

Grandma's experience in the 'big city" market marked the first step in what has grown into a fantastic business in New York State and is rapidly expanding to adjacent parts of the country.

An inherently humble small town housewife, Grandma Brown was genuinely surprised by the speed with which word spread about her baked beans.

"Just think," she would remark in near disbelief after she had been talking with some tourists, "those people heard about me 'way down in Binghamton." Or it might be Plattsburg, Buffalo or Erie, Pa. Her picture of course, is printed on millions of cans of Grandma Brown's Home-Baked Beans that find their way into countless homes.

On Sale Today

Today Grandma Brown's Home-Baked Beans are on sale on store shelves throughout the Kingston area. Grandma Brown invites one and all who enjoy the real old-fashioned, country-style baked beans to visit their local supermarkets and grocery stores to re-discover the kind of beans they haven't enjoyed since their own grandmother used to make them. Thousands of families have made this delightful discovery of truly different and delicious baked beans, and as a result Grandma Brown's Home-Baked Beans are among the largest selling canned beans in the state.

GETTING SOME POINTERS—Coach Jack Gilligan puts across a point to four holdovers on the Kingston High School basketball squad which opened initial drills yesterday at the field house. Listening are, left to right, Melvin Williams, John Wood, Bob Strong and Ronnie Bailer. Seventy-five varsity and jayvee candidates greeted Gilligan at the workout. (Freeman photo)

U.S. Athletes Arrive At Melbourne Olympics

Four Countries Quit 1956 Games

By MURRAY ROSE

Melbourne, Nov. 8 (AP)—The first big plane load of the mighty Yank team arrived today as International Olympic officials sought to lead some of the withdrawn nations back into the Melbourne fold.

The group of 64 Americans headed by Kenneth Wilson, president of the U. S. Olympic Committee, landed in bright sunshine at Essendon airport to lift the hopes of harrassed organizing officials that the war-troubled games still will be a smash success.

Some sparkle had gone out of the preparations for the massive international sports spectacle opening Nov. 22 by the withdrawals of Holland, Spain, Red China and Iraq. Efforts were started today by Wilfred Kent-Hughes, chairman of the organizing committee, and Otto Mayer, chancellor of the International Olympic committee to lure some countries, especially Holland, back into the games.

Appeal to Holland

Kent-Hughes, who appealed to the nations yesterday to overcome international distrust and jealousies in the true spirit of the Olympics, set the wheels in motion by cabling the Dutch National Olympic committee to reconsider its decision not to take part in the games. He sent a copy to Mayer.

Mayer replied he was urging the pulled out and hesitating nations to "do their utmost to participate. I shall intervene again with Holland."

No answer has been received yet from the Dutch committee but the nation's flag is still flying in the Olympic village and the small group of six Netherlanders here are still hoping against hope they will be able to stay.

Wilson, who had a big smile when he entered the airport at the head of the gay American group—many of them clad in Bermuda shorts—was soberfaced when advised of the latest developments in the Olympic crisis.

"I am naturally grieved by reports of the withdrawals of some nations," he said. "I sincerely hope Holland and the other countries will reconsider."

Plane Loads Due

The American main vanguard today consisted of 16 wrestlers and 11 canoeists plus administrative officials and newspapermen.

Tomorrow two more planeloads will land in the afternoon and early evening carrying some of the biggest names in track and field and rowing.

Quetioned by newsmen Wilson said "this is the greatest Olympic team we have ever fielded.

I was very much impressed with the showing and condition of the track and field team in California before we left. They broke records coming and going. I am confident we can duplicate our performances at Helsinki in 1952 when we won 14 track and field medals.

In addition to the Americans, 76 Poles an 64 south Africans landed at the airport and were quickly installed at Heidelberg Village.

Bob Kiphuth, famed American swimming coach of Yale University, told swim-conscious Australians that though the Australians have excellent times the Americans will be hard to beat.

He said if George Breen of Cortland (N.Y.) State Teachers College, repeats his 1,500-meter performance in a long course pool recently, he should get down to between 17:52 and 17:57. He said Breen would also challenge Australia's star, Murray Rose, in the 400 meters.

Equals Record

Yonkers, Nov. 8 (AP) — Billy Haughton, who led the nation's harness race drivers with 168 victories last year, is virtually certain to set a new mark this season. He equalled his 1955 record last night by winning the sixth race at Yonkers Raceway with Master Fingo.

Who Woulda Guessed It?

Gil Hodges, The Clown, Wows Japanese Fans With Routine

Nagoya, Japan, Nov. 8 (AP)—Gil Hodges, the Brooklyn Dodger first baseman, is wowing Japanese baseball fans these days with a hitherto unpublicized clowning routine.

In a recent 3-2 victory for the Dodgers over the Japan All Stars, Hodges played left field while Jim Gentile held down first base and pantomimed the action on almost every play for five innings. When he left the game in the eighth inning, Hodges was called back to take a bow amidst cheers.

"You'd have thought Babe Ruth was leaving a game in the old days," said a Dodger official.

Hodges, the mimic, pantomimed the action of the pitcher, the catchers and the umpire. When a Dodger made an error, Hodges glowered and pointed his finger. At various times he made his legs quiver, shook his fist, stamped on the ground, swung his arms, frowned and smiled.

This strange new routine, never seen by Ebbets Field fans, started during the Dodgers' first trip out of Tokyo. Hodges had been doing his act in the smaller towns but cut it out during a three-game series in Osaka, Japan's No. 2 city.

"We have encouraged Gil to go ahead with this tremendous act," said Dick Walsh, Brooklyn Travelling secretary, "after realizing that he is making us thousands of friends in every town."

Georgia Tech-Tennessee Tilt Duel of Dixie Powerhouses

Atlanta, Nov. 8 (AP) — Georgia Tech and Tennessee, two of the nation's finest teams, will play a game of football showdown Saturday. The visiting Vols have a pair of aces to throw against Tech's full-house backfield.

The stakes are high. The coach who holds the winning hand will pull in a pot containing huge dividends in national prestige, possession of first place in the Southeastern Conference title race, an almost certain bowl bid, and remain unbeaten.

The coaches, Bobby Dodd of Tech's second-ranked Yellow Jackets and Bowden Wyatt of Tennessee's third-ranked Vols, learned their football under the old master, Gen. Bob Neyland.

Good Scoring Teams

Both teams have great scoring potential. A couple of bounces of the ball early in the game could turn it into a wide-open offensive show.

Tennessee's devastating single wing attack is built around its tailbacks—All-America prospect Johnny Majors and his fine understudy, Al Carter. Together they have averaged 157 yards a game, passing and running, netting 5.7 yards per play and scoring 66 points.

They get kingsized support from fullback Tommy Bronson, the Vols' top rusher with a 352 yards at a 5.7 average, and wingback Bill Anderson, a fine pass receiver and reverse-play runner.

Fullback Ken Owen is Tech's top yardage man with 284 yards, all on the ground. But the Jackets boast seven backs with more than 150 yards to their credit.

Olympic Track Members Stage First Workout

Honolulu, Nov. 8 (AP)—Brimfull of confidence, members of the headline-grabbing U. S. Olympic track and field team pranced through their paces in workouts here before flying on to Australia last night.

Shot putter Bill Neider of Kansas University uncorked what he called "the nine best tosses of my life."

He had two of 61-6, and seven others that topped his previous best of 60-3¼.

"This is the best day I've ever had. They ought to hold the Olympics here," he said.

Most of the other athletes worked out in the balmy weather at Punahou School field.

A fourth plane with weight lifting, rowing and water polo squads and team officials was to arrive last night. Three other planes will follow in the weeklong airlift to Australia.

All contingents have about 36 hours in Hawaii for leg, stretching and sightseeing.

In addition, athletes from a dozen other nations are passing through this week on the way to Melbourne.

Adios Harry Sets Sights On New Mark

Yonkers, Nov. 8 (AP) — Adois Harry can become the greatest one year money winner pacer in harness racing history tonight if he can defeat seven tough challengers in the $75,000 Eastern championship pace at Yonkers Raceway.

The world champion will have to be at his peak form, however, since he drew the extreme outside post position in the mile and one sixteenth race against some extremely fast company.

Adios Harry has earned $90,662 this year for his owner J. Howard Lyons, Greenwood, Del., and the eastern championship is worth $37,500 to the winner. That would move Adois Harry past Goodtime, who picked up $110,299 in 1952.

Three rivals seem to have the best chance of stopping Adios Harry — Diamond Hal, Philip Scott and Bachelor Hanover. Diamond Hal, from the stable of Sol Camp, Shaftner, Calif., beat Adois Harry in the $25,000 Good Time Pace earlier at Yonkers.

Philip Scott, always dangerous, is owned by the Gray Brothers and George Reed, East Providence, R. I., while Bachelor Hanover, property of Mrs. Hazel Rubin, Ballston Spa., N. Y., is one of the year's best 3-year-old pacers.

Voters Elect Ousted Coaches

Seattle, Nov. 8 (AP)—Two football coaches tossed out by the University of Washington were handed four-year contracts yesterday by voters in jobs with less pay—and fewer alumni.

John Cherber, fired last winter from his $12,500 job as head coach, was elected lieutenant governor. The post pays $6,000 plus a limited expense account.

Howie Odell, who got $15,000 as Cherberg's predecessor at the university, becomes a King County (Seattle) commissioner at $8,600 a year.

Both are Democrats.

Harry Grayson's SCOREBOARD

In the autumn of 1953, a group of 28 bigger-than-average youngsters were part of the entering freshman class at Notre Dame.

One was Paul Hornung of Louisville. Young Hornung arrived after a tussle with his state's governor, who wanted him to attend Kentucky.

This season, as Hornung tries to do the work of three or four men, the immediate answer to Notre Dame's problems can be found in what happened to the others who came in with him.

Only 12 are now on the squad. Nine are not in school. Included here is Dave Kaiser, Michigan State's Rose Bowl end. Of those playing, only Hornung seems to be operating in the style to which Notre Dame followers are accustomed.

With this, a fast glance at the freshmen now on the campus would seem to show that this senior class is something of a rare accident, although the current junior class is nothing to write home about, either.

George Izo, a 6-3, 210-pound quarterback from Barberton, O., stands out among this year's freshmen.

"I wanted him," Coach Jack Mollenkopf of Purdue said. "He'll make Notre Dame forget the Bertellis, Lujacks and anybody they ever had."

THEN THERE IS DON WHITE, a 190-pound quarterback from Haverhill, Mass., a consistent New England schoolboy powerhouse. Pat Healy, a 6-2, 200-pound halfback from Baltimore, is another who came to Notre Dame with a big high school background.

This situation would seem to adequately cover Notre Dame's situation this season. Things will go back to what they were in rapid fashion, you'd say.

BUT THERE HAVE BEEN persistent overtones to Notre Dame's football set-up for five years. The school has been making a renewed effort to make its academic attributes as well known as its football.

With this, the scholastic load of the average student has been gradually tightened. It still takes a 77 average for a student to compete in athletics.

But the courses have been stiffened, making that 77 a touch tougher to attain. In admitting the normal number of football scholarship students—a usual average of between 25 and 30—the school takes only those in the top third of their class.

"Sometimes a boy in the lower part of that third hesitates about coming," alumni point out. "He hears so much about how tough it is that he figures he's better off somewhere else. And let's face it—the top third of any class just doesn't have a flock of athletes in it."

NOTRE DAME ADHERES strictly to the eight-semester rule. A boy, in other words, must do all his playing within four years.

At many of the nation's other football powerhouses, a kid is given five years in which to play three varsity football seasons. If as a sophomore he looks as if he could use another year of seasoning, the coach merely holds him out. This gives the boy three full seasons of eligibility—plus an added year of on-the-field work.

Only 28 or so football players enter Notre Dame each year, as opposed to 45 and 50 at other schools.

In the past, the Irish did well with their usual numbers. The tightened academic program may be something else.

The Rev. Theodore M. Hesburgh, C.S.C., the school's president, was closely connected with a survey of what becomes of former Notre Dame players.

Its findings read well—but between the lines you got the idea classrooms were being built up.

BOWLING SCORES

City keglers exploded "600" triples all over the place last night, with Frank (Tiger) Grimaldi's 661 assault in the Central Rec Major setting the pace.

Grimaldi put together games of 209, 247 and 205. Cosmos Costello spilled 230-617, Joe Ausanio 223-203-227-653, Charlie Manfro 235-207-639, Ken Williams 226-605 in the same league.

Bill Robinson mixed a combination of 242-201-184 to lead IBM Superior trundlers with 627. John O'Rourke rolled 202-243-614 in the same league.

Jim Kelly was No. 1 in the Catholic Athletic Association with 257-632 and Joe (Chesty) Mitchell fired 209-212-601 in the CAA.

Tommie's Tavern pounded 1058 and Jones Dairy No. 2 hit a 1005 in the Central Major.

The results:

Hornung Set For Pitt Game

South Bend, Ind., Nov. 8 (AP) Paul Hornung, Notre Dame's star quarterback, might not be at his favorite position Saturday when the Irish meet Pitt but "he'll play somewhere."

Coach Terry Brennan last night spiked reports that Hornung would make only a token appearance against the Panthers because of an injured thumb.

"We need him too much to let him sit on the bench," said Brennan. "If he can't play at quarterback then I'll use him at fullback or at halfback."

The Irish have a 1-5 record and if they lose one more game it will mark the worst season in their football history. The last and only time a Notre Dame team lost five games was in 1933.

Bob Pettit In Stride

(By The Associated Press)

Bob Pettit of the St. Louis Hawks, second-highest scorer in the history of the National Basketball Assn., has begun in earnest a bid for his third consecutive NBA All-Star team selection.

The former Louisiana State star scored 34 points last night as the Hawks retained first place in the Western Division by defeating the New York Knickerbockers 107-101.

In the only other game the champion Philadelphia Warriors bowed to the Rochester Royals 81-80 and found themselves in the Eastern Division cellar with a 1-2 record. Rochester is now 2-4.

Pettit came up with 26 points in the second half but needed help from Irv Bemoras and rookie Willie Nauls to still a late New York rally blocked an important shot by Ken Sears, who scored 22 for New York, fed to Pettit for the first of three straight goals and the game was out of reach.

Mikan Loses in Congress Race

Minneapolis, Nov. 8 (AP)—Former basketball great George Mikan was beaten by Democratic Rep. Roy Wier in Minnesota's 3rd District Congressional race yesterday.

Returns from 330 of 362 districts gave Wier 112,700 to Mikan's 98,834.

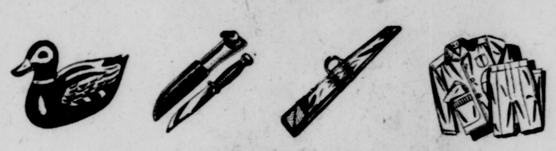

It was the first political venture for the 32-year-old athlete, who starred at DePaul and later with the pro Minneapolis Lakers.

Top Cowhand

Philadelphia Sphas, Warrior Farm Team To Play Against Harlem Globetrotters

The Philadelphia Sphas, onee tremendous favorites in Kingston in the pre-war American League, return here on Tuesday, Nov. 20, to play against the fabulous Harlem Globetrotters.

In those days the Sphas had the likes of Red Wolfe, Cy Kaselman, Inky Lautman, Moe Goldman, Shiky Gotthoffer and others.

Manager Ed Gottlieb later moved into the newly formed National Basketball Association, but retained the Sphas as a farm system for the world champion Warriors. The Sphas developed some of the Warriors' stars and Coach George Senesky feels they played a strong role in helping the Warriors attain their 1955-56 chaimpionship.

Five Top Starters

The Sphas' 1956-57 aggregation features five topnotch starters in Charley Burns, Jim Griboski, Len Winograd, Joe Mikez and Curt Cunkle.

Burns, 6-0, is a former All-Jersey star and brilliant playmaker now playing his fifth season with the team. Winograd, 6-2, now in his second season, had a tryout with the 1954-55 Warriors. He played college ball at Brandeis University where he averaged 16.2 points a game, and hit on 48 per cent of his shots.

Mikez stands 6 feet 4 and weighs 220 and is making his debut with the club. Played four years at Murray State Teachers in Kentucky, the same school that produced Joe Fulks. He was rated one of the top rebounders in the collegiate ranks and hit 40 per cent of his field goal tries.

245-Pound Giant

Cunkle, is a tall (6-5) wiry, 200-pounder, who comes to the Sphas after starring at the University of Florida where he made All - Southeastern Conference team. He played service ball at Fort Jackson, S. C. and was picked on the All-Army team.

The giant of the squad is 6-foot-10 Jim Griboski, who scales 245 pounds and is fast and agile for a big man. He was top scorer as a high school star at Phoenixville, Pa.

The Sphas are easily the most rugged opposition the Trotters have faced in their annual treks across the country.

High Falls Trims Texacos, 94-77

High Falls had six men in double scoring figures in the YMCA "A" League last night and this high octane performance upended the Texacos, 94-77.

Backs won a Hoppey's forfeit to tie Wimpy's for second place.

The Fallsmen's scoring sextet was paced by Vince Stella who poured in 17 points. LeRoy Hooker canned 16. Cliff Schoonmaker and Anderson split 28 points between them and Bob Ghear chipped in 12.

Lechner bucketed 23 for the losers and Lancastle grabbed the runnerup spot with 20.

High Falls squeezed to a two-point lead at the first quarter, widening the breach to four at halftime and opening the gates with a 32-point splurge in the third period.

Score Voted AL Sophomore Award

New York, Nov. 8 (AP)—Herb Score, Cleveland's fastballing lefthander, had even a better season in 1956 than he had in 1955 when he was named American League Rookie-of-the-Year.

For his 1956 performance, Score today was voted the Sophomore-of-the-Year in the annual Associated Press poll. Herb and Frank Lary of Detroit received the bulk of the votes cast by members of the Baseball Writers Assn. of America.

Score was named on 103 ballots, Lary on 63 and Johnny Kucks of the New York Yankees on 32. Tom Sturdivant of the Yanks, with four, and Hector Lopez of Kansas City, Elston Howard of the Yanks, Rocky Colavito of Cleveland and Billy Klaus of Boston, who had one each, rounded out the 206 votes.

A 16-game winner in 1955 when he set an American League record for first year pitchers by striking out 245 batters, Score won 20 games in his sophomore campaign while losing only nine. He again topped the Junior Circuit in strikeouts with 263 and finished second to the Yanks' Whitey Ford in the earned run competition with a 2.57 average.

The 23-year-old southpaw is a native of Rosedale, N. Y. He lives in Lake Worth, Fla. Cleveland signed him to a bonus contract (reportedly for $60,000) in 1952.

Canadiens Now Second

(By The Associated Press)

The National Hockey League standings looked a little more natural today with Montreal's defending champions in second place, only a point back of the Detroit Red Wings.

But there also was a surprise with the Boston Bruins tied with the Canadiens and the New York Rangers deep in fifth place.

The Canadiens and Bruins moved up last night with victories in the only games played in the league. Montreal cooled off Toronto's red-hot Maple Leafs 4-3 largely on the strength of 3 goals by Dickie Moore. And the Bruins thumped the Rangers 4-2 for the New Yorkers' third setback in their last four outings. They tied the fourth game.

The Bruins took advantage of three New York penalties to produce second period goals by Vic Stasiuk and Leo Labine. Veteran Johnny Peirson made it 3-1 early in the third period. Rookie Jerry Foley scored for New York a couple of minutes later, but Doug Mohns rapped the puck into the empty case five seconds before the end of the game.

The Rangers called up goalie Johnny Bowers from their Providence farm in the American League but gave no indication if and when he would replace the slumping Gump Worsley in the New York net.

Logart Stops Duke Harris In 7th Round

Chicago, Nov. 8 (AP)—Clarence (Duke) Harris' attempted climb in the welterweight ranks was blocked last night by Cuban Isaac Logart, who stopped the 24-year-old Detroit hopeful in the seventh round.

Logart, fourth ranked 147-pound contender, danced and paried with his inexperienced foe through five rather dull rounds of the scheduled 10 of the nationally televised bout at Chicago Stadium. Then he set him up for the TKO.

A smashing left caught Harris flush on the chin midway in the sixth as the fighters tangled in a corner of the ring. Harris was staggered and barely lasted out the round.

Comes the End

In the seventh, Logart leaped into action, scoring with a left and straight right that drove Harris across the ring and made him lower his gloves.

Logart smashed a left hook and another right to Harris' face and the Detroiter, realed into the corner. Referee Walter Brightmore stepped in and halted the one-sided fight.

Brightmore and Judges Morrie Mages and E. Allen Frankel all gave Logart every round except the fourth.

Logart, who outweighed Harris 148 pounds to 146, recorded his 46th victory and 19th kayo against 6 losses and 5 draws. The defeat was Harris' first in his last eight starts and left him with a 22-4-1 record.

A Steady Peak

East Lansing, Mich. (NEA)—Michigan State's Clarence Peaks, out for the year with a leg injury, averaged 5.2 yards a carry during his three-year career.

Japanese Nip Dodgers, 3-2

Shizuoka, Japan, Nov. 8 (AP)—The Japan All-Stars pushed across a run in the last of the ninth inning today and again beat the Brooklyn Dodgers 3-2 before 20,000.

It was the Dodgers' fourth loss against 10 wins and one tie on their Japan tour.

With the score tied 2-2, Masao Morishita of the Nankai Hawks opened the bottom half of the ninth with a single to center. Takashi Iwamoto of the Yomiuri Giants bunted and Dodger pitcher Fred Kipp tried to force Morishita at second base. His throw was late.

Mitsuhira Sugiyma of the Nankai Hawks then singled to right field and Marishita raced home from second with the winning run.

The All-Stars took a 2-0 lead in the second on a home run by Satoru Sugiyama following a single. The Dodgers tied it up in the fifth on Herb Olson's single, Kipp's double and Junior Gilliam's single.

Motor Boat Show Coliseum Space Covers 7 Acres

Topping more than a half century of nautical expositions, the National Motor Boat Show to be held in the New York Coliseum next Jan. 19-27, already has 350 different exhibits of boats, marine engines and accessories signed up.

Filling more than seven acres on four floors of midtown Manhattan's glamorous new showplace, the 1957 edition of the recreational boating extravaganza will feature displays of 49 outboard boat companies, 46 manufacturers of inboard cruisers and runabouts, and 18 sail boat builders.

Vying for the top billing with the boats will be complete presentations of the 1957 lines of 18 inboard gasoline and diesel engine companies and 10 outboard motor manufacturers.

To complement boat and engine displays, there will be 74 manufacturers exhibiting lines of marine hardware and nautical accessories; 27 paint and surface coating companies; 24 manufacturers of engine and propulsion equipment; 20 producers of electronic devices; 13 canvas and cordage firms, and 12 boat trailer manufacturers.

Ernest Duke Cops Roosevelt Race

Yonkers, Nov. 8 (AP)—Ernest Duke, driven by Al Burton, set nearly all the pace in taking last night's featured Beacon Pace at Yonkers Raceway.

Displacing Bear Cat for the lead at the quarter pole, the winner never was headed. He reached the wire a length and a quarter before Treasure Island, handled by Warren Dennis. Willie's Folly, with Clint Hodgins driving, was a head farther back in third position.

Ernest Duke paced the mile in 2:05 4/5 and paid $7.50.

By WARREN PAGE
Shooting Editor

Every adult American male who has fathered a boy to track mud into the kitchen knows it, and every boy who ever stowed a frog in his blue jeans pocket knows it—but it takes the market researchers and the poll-takers to prove it. Boys crave rifles.

It's all down in black and white, the results of a poll conducted by one of the major scholastic magazines. All the figures as to both junior and senior high school boys and girls, whether they expect, during the coming year, to acquire a watch, camera, rifle, fountain pen, or a new football helmet.

The astounding part of the whole poll is that the shooting iron ranked so high. For example, with over 60 per cent of the junior high boys already proud in ownership of a rifle, probably a .22, nearly 40 per cent figured to acquire a new rifle during the coming year, just about twice as many as were expecting to acquire a watch. The junior high kids craved a rifle more than any other item.

The Boyish Urge

The final-year high schoolers, of course, showed the results of all their education into literate young gentelmen, and about as many craved a new fountain pen as yearned for a new rifle —some 25 per cent—but it was obvious that neither courses in beekeeping nor secretarial English had killed the universal boyish urge.

My good friend Jack Boone, who heads up the sale effort for the Winchester-Western division of the Olin Mathiesen Corp., is quite understandably stirred up by this poll-taking, since it indicates a healthy market. But this correspondent is pleased on one basis alone—that shooting continues to be a healthy sport, one attracting American boys and girls even when there's no need in the American home for a squirrel musket over the door. Shows we're still Americans, in a way, privileged by our own Constitution to bear arms.

It's a great sight, when a boy fondles his first .22 rifle, a great sight—and a great responsibility to you, Mr. Jones.

Orange Cagers Play in Eleven Doubleheaders

Syracuse, Nov. 8 — Syracuse University's basketeers will participate in 11 Onondaga County War Memorial double-headers this winter, with LeMoyne College providing the other feature in 10 of the twin bills.

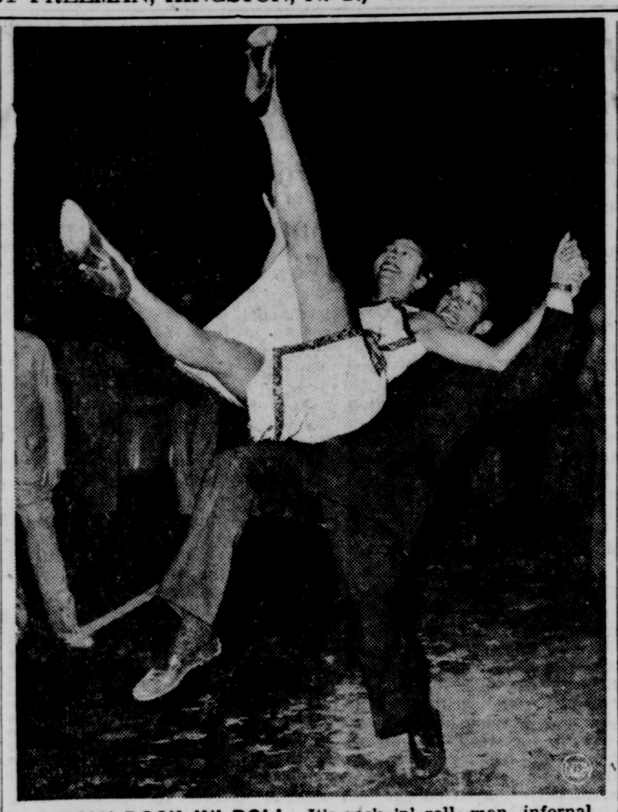

The 11 contests comprise Syracuse's entire home schedule. Coach Marc Guley's Orangemen will play the 7:45 curtain-raiser in all double-headers except the Colgate finale on March 2.

Frosh teams from Syracuse and Colgate will vie at 6:30 that evening, with varsity game time at 8:30 p. m.

Guley's 1956-57 hopes received a shot in the arm during the past week when senior speedster Manny Breland, a standout two years ago, was given a medical OK to play basketball. Breland was inactive a year ago due to poor health.

Breland could be the difference between a "good team and a very good team," according to Guley.

Banker to Handle Ike Inauguration

Washington, Nov. 8 (AP)—Robert V. Fleming, a Washington banker today was named chairman of a committee to handle arrangements for President Eisenhower's second term inauguration.

The appointment was announced at the White House by Leonard W. Hall, chairman of the Republican National Committee, after a conference with the president. Fleming is board chairman of the Riggs National Bank.

Hall said other members of the inaugural committee will be named next week. He described Fleming as a personal friend of the President and active in GOP politics "from time immemorial."

Lausche May Let Democrats Form Minus His Vote

Columbus, Ohio, Nov. 8 (AP)—Ohio's Sen.-elect Frank J. Lausche hinted today he might let 95 fellow Democrats organize the U. S. Senate without him.

In response to a direct question whether he would vote with the Republicans to organize that body, the five-term Democratic governor made this statement:

Will Complete Term

"I will finish my term as governor of Ohio. If the Senate is not organized by the time I am sworn in, I will then cast my vote, taking into consideration the composition of the Senate, the composition of the Senate, the fact that Eisenhower is President and such matters as I believe are pertinent."

Lausche let it be known as early as last June that, if elected, he might—under certain circumstances — consider voting with the GOP to organize the Senate if Eisenhower was elected.

His statement today suggested the possibility he might plan to avoid the issue. That suggestion came when he said he plans to finish his term as governor, which ends Jan. 14. Congress convenes Jan. 3.

Lausche's absence from the first 11 days of the new Senate's session could mean the Democrats might go ahead and organize before Lausche becomes a member of it.

GOP May Have 47

Democrats now are assured of at least 49 members in the Senate—including Lausche. Republicans have at least 46. If the GOP wins the undecided contest in Kentucky, it would have 47.

If 48 Democrats and 47 Republicans were to be present when the Senate convenes—with Lausche absent—the Democrats would be in unquestioned control.

DUCKS IN DRY DOCK—The old swimming hole has dried up and these disappointed ducks were left dry, if not high, on the pond of Oliver Fink's farm near Columbus, Mo. Drought has dried up hundreds of such farm ponds and wells and cisterns are at low ebb.

Morton Appears Kentucky Winner

Louisville, Ky., Nov. 8 (AP)—Republican Thruston B. Morton took the inside track today in a thrilling down-to-the-wire finish with Sen. Earle C. Clements for a key U. S. Senate seat.

Has 2,643 Edge

Morton's edge with 3,800 precincts of 4,057 reporting was 2,643 votes—which appeared substantial enough to hand Clements his first defeat in 36 unbroken years of political life.

A Morton victory would continue the Senate's current 49-47 Democratic majority but possibly could give the power to organize the Senate to the Republicans depending on the way Sen.-elect Frank J. Lausche of Ohio, a Democrat, votes. Lausche, known for his independent ways, indicated in June that, if elected, he might vote with the Republicans under certain conditions in organizing the Senate.

Morton was in a position to add to his lead with returns from 140 uncounted precincts normally Republican. Clements had to depend on a possible big advantage from 117 uncounted precincts normally Democratic.

Morton thus appeared headed toward a victorious margin of around 5,000 votes.

Late counting in the Senate race last to be decided in Tuesday's voting—turned in Morton's favor early today after a see-saw battle with the assistant Democratic floor leader in the Senate.

Bankers Urged To Study Seaway Market Prospects

Cleveland, Nov. 8 (AP) — The administrator of the St. Lawrence Seaway Development Corp. today urged that "the banking fraternity" take the initiative in making studies of the seaway project which might help business leaders expand markets for their products.

Lewis G. Castle said in a talk prepared for a meeting of bankers, "since you gentlemen act as counsellors and advisors to your many customers, it might be well for some members of your staff to examine the values of the St. Lawrence navigation project in the light of its advantages to industrial enterprise in your area."

He said that in Chicago estimates had been made that use of the St. Lawrence Seaway, scheduled to open to navigation in the spring of 1959, could reduce shipping cost on lard to Antwerp by 38 per cent, automoblies to Rotterdam by 17 per cent and construction machinery to England by 20 per cent.

Importers would share the same savings, said Castle, mentioning, among other things, a possible reduction of 24 per cent in the cost of bringing whisky from England.

"No opportunity should be lost," he declared, "to examine the possibility of reduction in transportation and delivery costs, and it may not be too early to begin such a study. I recommend that the banking fraternity take initiative in that direction as an aid to the economic stability of your individual comunities . . . .

"Perhaps the studies and research recommended above will encourage your business leaders to find ways and means of marketing their products more economically, and possibly find new markets for the distribution of their manufactured product."

In 1955 Western Germany operated 300 theatres with a staff of 17,000. There were 1,900 plays produced and 650 concerts.

CattlemenAdvised To Change Feed For More Profit

Buffalo, N. Y., Nov. 8 (AP)—Most dairymen and cattlemen are still feeding horse-and-buggy formulas in jet age competition, the chairman of the Nutrition Council of the American Feed Manufacturers' Assn. said today.

"This is one reason," R. R. Spitzer pointed out, "that greater progress in animal health and feeding efficiency has been realized with hens and hogs than with cattle."

His remarks were contained in an address prepared for delivery at the opening session of the Cornell nutrition conference for feed manufacturers today. About 500 persons are attending the two-day conference.

He said the use of modern feed knowledge has helped raise egg production from 120 eggs a bird a year in 1930 to nearly 200 today. An estimated one billion broiler chickens will be raised this year, seven times more than in 1940.

Sales of feed to livestock have not kept this poultry pace," Spitzer said, "and less progress is apparent."

"The average milk production boost for the last 25 years is only 22 per cent," he said. "The average efficiency of pork production today is only 26 per cent better than in 1930. With beef, dairy and hogs lies opportunity for big tonnage and help to the farmer."

Those to be installed are Louis Ellenbogen, president; Herman Eaton and Raphael Klein, vice-presidents; Mrs. Paul Black, secretary; Louis Simon, treasurer and Benjamin Werbalowsky, chairman of the board of directors. Directors are Morris Barnovitz, Morris Cooper, Nathan Katatsky, Aaron Klein, David Kline, Joseph Krosner, Morton Levine, John Levy, Eric Meyer, Milton Page, Norman Sherry and Theodore Weiner.

Rabbi H. Z. Rappaport will be installing officer.

Included in the evening's program will be Mrs. Harry Freedman of the Sisterhood; Jack Epstein of the Men's Club; Sidney Black representing the Couples Club and Joseph Epstein, past president. Refreshments will be served in the social hall.

Will Ask Questions On Foreign Relations

Great Falls, Mont., Nov. 8 (AP) —Sen. Mike Mansfield (D-Mont) says he will raise three questions when the Senate Foreign Relations Committee meets in Washington later this week.

"1. Why was the United States caught by complete surprise by events in Poland, Hungary and the Middle East?

"2. Why were the Central Intelligence Agency, the National Security Council and the policy planning staff of the State Department caught napping by these events of the past two weeks?

"3. Why weren't the American people given the whole truth about the difficult position the free world has been in for the past three years?"

Sen. Mansfield propounded the questions in a statement he issued here. He is a member of the committee.

He declared "The ill timed moves of Britain and France in the Middle East" enabled Russia to recoup its losses in connection with uprisings in Hungary and Poland.

He said:

"The net results of the activities of Britain, France and the Soviet Union has been the temporary defeat of the only bona fide postwar uprisings against international and national communism in Hungary, and, perhaps, the weakening of the United Nations."

Sign Boomerangs

San Diego, Calif.. (AP) — A peaceful settlement has been reached between police and Charles W. Newton who wanted to reserve a parking space for himself. Newton painted his own "no parking" sign in front of his beach area house. But police, finding Newton's car parked there, promptly ticketed it. Police back tracked on the parking ticket but pointed out Newton painted the curb illegally. "I'll erase it," Newton said, squaring things with the cops.

Nothing Sacred

Omaha (AP)—Robert D. Kleinschmidt of the University of Buffalo (N.Y.), told newsmen before a concert here that carillon music is either "sacred" or simply a nuisance. His concert afterwards on the electronic carillon at an Omaha shopping center was interrupted by police. Neighbors—to prove Professor Kleinschmidt's point—had complained the music was annoying.

NOTICE OF SALE
STATE OF NEW YORK SUPREME COURT, COUNTY OF ULSTER—SAVINGS AND LOAN ASSOCIATION OF KINGSTON, Plaintiff, against GEORGE J. HACK, GEORGE FRUEHAN, SR., GEORGE FRUEHAN, JR., GENEVIEVE BIEDRYCKI, MARIE LONG and PEOPLE OF THE STATE OF NEW YORK, Defendants.

In pursuance of a judgment of foreclosure and sale, duly made and entered in the above entitled action and bearing date the 26th day of October, 1956, I, the undersigned, the Referee in said judgment named, will sell at public auction at the front door of the County Court House in the City of Kingston, County of Ulster and State of New York, on the 14th day of December, 1956, at 11:00 o'clock in the forenoon of that day, the premises directed by said judgment to be sold and therein described as follows:

ALL THAT CERTAIN PIECE OR PARCEL OF LAND situate, lying and being in the Town of Shandaken, County of Ulster and State of New York, bounded and described as follows:

BEGINNING at a point in the westerly or northwesterly bounds of West Street, as shown on a map entitled "LOTS LAID DOWN FOR E. & W. G. BREITHAUPT IN THE VILLAGE OF PHOENICIA, ULSTER CO., N. Y.," made by Charles G. Hoerner, Jr., C. E. & L. S., dated June 1, 1925, and filed in the Office of the Clerk of the County of Ulster, State of New York, on the 29th day of June, 1926, as Map #797, such point of beginning being also ten feet northeasterly from the southeasterly end of the line dividing Lots 58, 59 and 60 from Lot 57 as laid down on said map; and running thence North 68 degrees 25 minutes West 178 feet more or less to lands now or formerly of Jameison (or Jamieson), this course being parallel to and ten feet northeasterly of the said line dividing said Lots 58, 59 and 60 from Lot 57, as shown on said map; thence along said lands now or formerly of Jameison (or Jamieson) North 29 degrees 5 minutes East 141.3 feet to the southerly or southwesterly bounds of the Oneonta - Kingston State Highway (Route 28); thence along said southerly or southwesterly bounds South 68 degrees 25 minutes East 158 feet to said westerly or northwesterly bounds of West Street; and thence along said bounds of West Street 140 feet on a course of South 21 degrees 35 minutes West to the point and place of beginning, the piece or parcel of land hereby conveyed being made up of parts (which parts lie together and together constitute one piece or parcel) of Lots 58, 59 and 60 as shown on said map, and being part of the lands conveyed to John H. Wood by two deeds, one dated September 20, 1949, and recorded in Ulster County Clerk's Office September 21, 1949, in Liber 744 of Deeds at page 479, and the other dated October 22, 1951, and recorded in Ulster County Clerk's Office November 8, 1951, in Liber 814 of Deeds at page 60.

Being the same premises as were conveyed by John H. Wood to George J. Hack and Marie Fruehan Hack by deed dated August 9, 1952 and recorded in the Ulster County Clerk's Office on September 15, 1952, in deed book 838, at page 18.

Walter P. Letus Held for Entry At Used Car Lot

Walter Peter Letus, 20, of 159 Wilbur avenue was arrested early today on a third degree burglary charge after he was allegedly caught "breaking and entering" at an office of the used car lot of Old Capital Motors, 307 Broadway.

Attorney Charles J. Saccoman appeared for the defendant before City Judge Raymond J. Mino and his case was put over until Friday morning.

A police report at 1:35 a. m., said Letus was arrested by officers Gilbert Gray and William Snyder. A small glass window in the front door of the office was broken and a latch was lifted from inside, the report said.

Before the arrest, the report said, an attempt had been made to enter the Hayes garage in the area. Attempts had been made at windows on the Orchard street side of the building.

Attempts had also been made to cross wires on two cars in apparent efforts to start them in the lot of the Old Capital Motors, the report said. Officers William Slover and Everett Emmick assisted in the arrest.

HE'S A STRING-SAVER—In less than two years, Frank Stoeber, of Cawker City, Kan., has collected the huge ball of binding twine seen above. It is seven feet, five inches in diameter and weighs 4035 pounds. He uses his tractor to wind the ball. Friends and neighbors save twine for him and he thinks nothing of driving 25 miles to get a trunkful of broken twine. Pictured with him are his two grandsons, Richard and Arnie Collins, of Crescent City, Calif.

FRENCH FAKIR—This is not an Indian fakir sitting on his bed of nails, but a Parisian painter touching up a giant-sized toothpaste tube while sitting on the business end of an equally big toothbrush. The outsized brush and tube will be used as part of a dental display at the Children's Show in Paris.

MILKMAID IN MANHATTAN — Manhattan, Kan., that is. Connie Morgan, freshman at Kansas State College, has been chosen queen of the college's Agricultural Barnwarmer festivities. Connie won the title by beating out four other finalists with her cow-milking ability.

Towns Take GOP Trend Naming Local Officials

Only in three towns of Ulster county was there any contest for town office although town offices were filled in five of the townships where vacancies existed.

In all three townships the Republican trend was followed and in the three town offices where the candidate was unopposed the office was filled by a Republican party candidate.

E. Stirling Potter was elected councilman in the town of Esopus over George Freer, Democrat, by a vote of 1722 to 863. In the case of town clerk Emily Card, (R) unopposed was elected to office to fill the vacancy created when Alice Tinnie resigned and Jennie Schweigel was appointed by the town board to serve until an election was held.

Joseph C. Amendola (R) was elected assessor in the town of Lloyd for the four-year term to fill a vacancy, over his Democratic opponent, Edward Conroy. The vote was 1444 for Amendola and 938 for Conway.

James F. Palen (R) was elected justice of the peace, full term, in Plattekill by a vote of 780 over his Democratic opponent, Howard Simpson who received 541 votes.

In Saugerties Romeo J. Ginestrino (R) was elected town superintendent without opposition and in Shawangunk E. Lester Mack (R) was elected councilman without opposition.

In Wednesday's account of the election of Dr. E. Ogden Bush of Walton to the New York Senate from the 34th senatorial district to succeed Senator Arthur H. Wicks, it was stated in error that he resided at Walton, "Schoharie county." Walton is in Delaware county and Schoharie county is not in that senatorial district.

Onteora School To Have Live TV Demonstration

Reginald R. Bennett, district superintendent of schools of Supervisory District 1, announced that arrangements are being made for a live educational television demonstration this coming spring.

Francis E. Olmstead, television consultant for the New York State Department of Education, has agreed to furnish the cameras, receiving sets and a trained teacher from State Teachers College, Brockport, to teach the program at Onteora Central School Friday, May 3.

Invited Area Teachers

The demonstration will be in conjunction with Mr. Bennett's annual district superintendents' teachers conference. Mr. Bennett said he had invited the teachers under the supervision of District Superintendent Lester J. Roosa, Stone Ridge, and Clarence Johnson, Saugerties, to participate in the conference. Teachers from the Saugerties Central School and the Kingston Public School System will also be invited to attend or send representatives to the first demonstration of live educational television ever to be presented in Ulster county.

The television demonstration planned for the teachers will again be produced on the evening of May 3 and will be open to the general public. All of the television equipment will be furnished by Dr. Olmstead's office in the Education Department and teachers will be given actual demonstrations of how teaching can be done through the medium of television. Receiving sets will be placed in some of the classrooms and reception will be channeled to a large screen in the auditorium of the school. Following each demonstration, discussion will be held on the advantages, methods and techniques of teaching by television.

The board of education of Onteora Central School will offer all of its facilities to make the program successful.

The Weather

THURSDAY, NOV. 8, 1956

Sun rises at 6:36 a. m.; sun sets at 4:43 p. m. E.S.T.

Weather: Cloudy

The Temperature

The lowest temperature recorded on The Freeman thermometer during the night was 49 degrees. The highest figure recorded up to noon today was 56 degrees.

Weather Forecast

NEW YORK CITY and vicinity—Cloudy and cool this afternoon with brief showers. Highest afternoon temperature in the upper 50s. Partly cloudy tonight and Friday, cooler than last night with lowest near 40 degrees along the coast and in the upper 30s in the interior. Highest temperature Friday afternoon rising only to about 50 degrees. Gentle to moderate southerly winds this afternoon, shifting to moderate to fresh west to northwesterly winds tonight and Friday.

OUTLOOKS — Saturday and Sunday, mostly fair and continuing on the cool side.

RAIN, MUCH COOLER

EASTERN New York—Cloudy, cooler and becoming moderately windy with periods of light rain this afternoon, tonight and Friday. Rain possibly mixed with snow in west and north portions tonight and Friday. High temperatures this afternoon in 50s. Low tonight 30 to 35 in north and west and 35 to 40 in southeast. High temperature Friday mostly in 40s.

OO-O-PS!—When New Yorkers pull a boo-boo, they do it for all the world to see. In the massive sign advertising the movie version of the Rodgers and Hammerstein musical "Oklahoma!" somebody put an "o" where an "a" ought to be.

Priest Is Victim In Rectory Blaze

Bryn Mawr, Pa., Nov. 8 (AP)—A Catholic priest died in his bed today as flames swept through a third floor room in the rectory of Our Mother of Good Counsel Church.

The Rev. Thomas A. Roway, 63, met his death despite the efforts of two other priests and police to rescue him.

There on Visit

Father Rowan, who was pastor of St. Patrick's Church Cambridge, N. Y., and former pastor of the church here, had gone to Bryn Mawr on a visit last Tuesday.

James W. Mullin, assistant fire marshal of Lower Merion township, said the blaze apparently was started by a dropped cigarette in Father Rowan's third floor bedroom.

The cigarette, the assistant fire marshal said, is believed to have fallen on a chair, ignited it and the flames spread to the bed.

Overcome by Smoke

Father Rowan apparently was overcome by smoke and lay unconscious as the fire grew in intensity, Mullin said.

The fire was discovered by one of the church's assistant pastors, the Rev. John Toughy, who was aroused by smoke filling the rectory. He awakened the Rev. George Mc Namara, another assistant, and the two ran to Father Rowan's room. They were forced back by the intense smoke and flames, then summoned firemen and police.

Police Sgt. Charles Bar and other police and firemen tried unsuccessfully to battle their way to Father Rowan but they, too, were driven back. His body was recovered later.

The church pastor, the Rev. P. J. Campbell, is in Havana, Cuba, on a vacation.

U. S. Tanker Trapped

New York, Nov. 8 (AP) — At least one large American-owned tanker has been trapped in the Suez Canal by the sinking of blockade vessels at both ends of the waterway, it was reported today. It is the Cities Service Oil Company's 38,000-ton Statue of Liberty. Its crew of about 50, however, is all Dutch. The tanker has been tied up near Ismalia since Oct. 31.

Dies in Trailer Fire

Appleton, N. Y., Nov. 8 (AP)—A 23-year-old man died yesterday in a fire that destroyed the trailer in which he made his home. The victim was Richard Prenatt, 23, of this Niagara county community. The cause of the fire, which broke out apparently while the victim was asleep, was not determined.
